Two More To Build At Maeras Plant Site

Waggoner, Zimring To Lease New \$150,000 Structures From City

Construction of two warehouse-office buildings at the Stephen Maeras Industrial Park was announced at a meeting of the Madison city council Wednesday night.

Notices of intent were made to enter purchase-lease agreements with Wilbur Waggoner Equipment Rental & Excavating Co. of Madison and with Zimring & Sons Tobacco & Candy Co. of Granite City.

Ordinances authorizing the contracts are to be adopted at the council's Nov. 12 meeting. Each facility will cost about \$150,000.

The city will finance construction of the city-owned park and will lease the buildings back to the two firms for 40 years.

The Waggoner building will contain about 14,000 square feet of space on a five-acre tract, and the Zimring building will contain about 9,000 square feet of space on a three-acre tract, both located to the right of Caine drive.

Lease Terms

Annual rental will be 10% of the cost for 20 years, with payments in the remaining 20 years to be the amount of real estate taxes. Added to the construction costs in the lease arrangement will be the estimated value of the industrial land, based at \$2000 per acre.

The companies will have the option of paying 50% of the 20-year rental during the first five years and spreading the other 50% over the remaining 15 years. The city is to place the purchases in escrow with the First National Bank in Madison.

Target dates for opening the Jan. 1 for Waggoner and March 1 for Zimring. The leases will take effect upon occupancy.

The two companies will be the second and third firms to locate at the industrial park. Caine Steel Co. plans to be in at least partial operation at its new \$1 million plant, which it is leasing from the city, by Nov. 1.

Study Water Franchise

The council also approved an agreement with the City of St. Elizabeth to acquire a 12-inch water main to the park at an estimated cost of \$15,000.

The utility offered to cancel the charge as a consideration if Madison agrees to place franchise to the water company, with negotiations to begin by Nov. 1.

The company also offered other main extensions, free fire pipes and free water for city buildings.

Mayor Stephen Maeras, who said the franchise should be beneficial to the city, said he would ask the utility for further details.

The council ratified contracts. (Continued on page 6, col. 5)

Nov. 5 Election on Council Reduction Rejected 9-to-3

In one of the fastest city council actions on record, Granite City aldermen took only seven minutes last night to present and reject an ordinance calling for a Nov. 5 referendum on a proposal to cut the city council membership in half.

The proposal, prepared after a recent legal opinion by counsel for the Illinois Municipal League held that such an election would be held as soon as possible, was defeated by a 9-to-3 roll call vote, with four council members absent.

The action, taken for the present at least, a move by a group of citizens to secure a referendum vote on a plan calling for election of only one alderman in each ward instead of two.

Such a reduction in the council membership is permitted under Illinois statutes, providing the move is approved by the electorate.

Called Special Meeting

Voted on Nov. 5 in con-

junction with the regular general election was taken in a special meeting called at last night by Mayor Donald Partney after City Atty. Richard Allen received the IMI legal opinion last week. Mayor Partney scheduled the special council session half an hour ahead of a public hearing in the city's new master plan, which was held at 7:30 p.m. in the council chambers.

Although there had been some speculation that a quorum of nine members necessary to conduct a city council meeting would not appear, 12 of the 16 aldermen were in hand when Mayor Partney called the meeting to order promptly at 7 p.m.

Present were Aldermen Rutledge, Johnson, Dallas, Jarrett, Poulos, Basarich, Moerlein, Whitmer, Nomm, Boyd, Fry and Bartolacci.

Absent were Aldermen

Boy, 12, Burned on Face in Mishap At Trash Barrel

Mark Scaturro, 12, son of Mr. and Mrs. Bernard Scaturro, 4210 Maryville rd., was burned about the right side of his face, upper lip and nose as a result of a mishap while burning trash at his home Monday evening.

The boy had put a match to a nylon shirt and was preparing to throw the shirt into a trash barrel when the shirt was caught by the wind and blown into his face. He was admitted to St. Elizabeth Hospital with first and second degree burns, and will remain there for an indefinite stay.

He is a sixth grade pupil at Maryville school.

Woman Motorist Hurt Critically

Maebel Burdick, 50, of 2019 Skeen street, Madison, suffered critical injuries about 3 p.m. when her auto hit a tree and broke a fire hydrant at 15th street and Madison avenue and then crashed into a tree in the yard at 1420 Madison avenue.

Mr. Burdick, who is in the intensive care unit at St. Elizabeth Hospital with injuries to his chest, head, both legs and arms, was traveling south when the auto jumped the curb and struck a fire hydrant and was hurled through the air and struck a station wagon belonging to Mrs. Edna Getz, 2656 Holmes avenue.

The windshield and top of the station wagon were damaged. Burdick's auto was described by police as being "totally damaged."

Motorcycle, Car Collide

A motorcycle and a passenger in a car with which he collided were injured about 9:30 p.m. Tuesday in an accident at Edwardsville road and Alexander street, police reported.

Treated at St. Elizabeth Hospital were Robert Leazy, 37, Caseyville, driver of the motorcycle who was treated for arm and leg pains and admitted to the hospital, and Mrs. Sherry Dickerson, 21, of 2227 Delmar avenue, a passenger in a car driven by David Whalen, 20 West 20th street. She was treated for hip and knee injuries, was x-rayed and released.

Police reported the mishap occurred as both vehicles were headed east on Edwardsville (Continued on page 6, col. 5)

EDWIN REISKE "Tree of Lights" Chairman

Reiske to Head 'Tree of Lights' Drive This Year

Edwin Reiske, president of the Tri-City Trades and Labor Council, has been named as chairman for the annual fund-raising project of the Salvation Army—the Tree of Lights.

The movement was made today by Capt. Harold Thomas of the local Salvation Army, who said the selection was made by the advisory board.

The goal for the past two years has been set at \$8000 with the money used to purchase Christmas baskets, food and gifts.

Each light on the tree will be turned on for the sum of \$25. The tree is located in Memorial Park, opposite St. Elizabeth Hospital.

Reiske, a local labor leader, also is active in the Mental Health program and other community programs.

He and his wife, Beulah, reside at 1528 Garfield avenue.

Area Strikes Continue; No Talks Scheduled

Two major strikes in the Quad-City area continued today with contract talks scheduled in neither instance.

The strike of 700 steelworkers at the Madison plant of Dow Chemical Co. went into its 48th day today, while nearly 1000 members of Chemical Workers International Union Local 50 at the blast furnace department of Granite City Steel Co. have been on strike since Oct. 1.

The strike at Dow involves a dispute over seniority and job security contract provisions, while the Granite City workers' principal issue in the strike at the blast furnace plant.

Given Legal Standing

William Hoelscher, chairman of the City Planning Commission, explained to the board that he required to give the program legal standing if and when it is approved by the city.

When, he said, the plan will be filed with the county and will become the city's official

UF Record Is Set at 1st Report Meeting

Mfg. 'B' Section Tops Its Goal; Campaign Starts at 39.8% Mark

In announcing total pledges received to date during the United Fund's first report meeting Wednesday afternoon in the YMCA, General Chairman Thomas R. Remington pointed out that the 39.8% figure is the highest subscription total tabulated at an initial report meeting in recent years.

Last year, 17.1% of the goal was announced at the same stage of the fund-raising drive.

More than 60 campaign leaders, divisional and sectional chairmen and volunteer workers attending the "dutch treat" luncheon were commended by the drive chairman and urged to invite all your workers to come and take part in the next report meeting.

"When we get together and hear these excellent reports, it gives greater impetus to our campaign. Enthusiasm is infectious," the general chairman added.

Section Hits 104.8%

Remington singled out for special praise the Manufacturing "B" Section of the Industrial Firms division, which completed an impressive 104.8% of its \$8885 goal by reporting pledges amounting to \$7061.

The "B" Section, consisting of small business firms, was headed by Don Treder and Vernon Marti as co-chairmen, assisted by Dale Arnette, Frank L. Harris and Al Lanan.

Noting that the Manufacturing "B" Section is the first United Fund section to exceed its quota by the first report meeting, Remington commented: "Who knows they may break 150% by the time we are through with this campaign."

The second report meeting is scheduled for 12:15 p.m. next Wednesday. The general chairman also remarked that out of 49 subdivisions secured by the small business firms' group, 24 were new this year to United Fund giving.

Their \$7000 total is 10% more than the section produced in the 1968 campaign and the team still has eight firms yet to go.

He added, "A special commendation and plaque was presented to the team members during the luncheon."

Section 'A' at 94.9%

Also given special recognition (Continued on page 20, col. 4)

Precinct 19 Polling Place Changed Again

The second change in the polling place of the Nov. 5 election polling place of Granite City precinct 19 to St. Margaret Mary school, with the entrance from the Leonard avenue playground, was reported by the office of Township Supervisor Nelson Hagner.

The polling place originally was located at the Edward Mulien residence, 2928 Forest street. It was reported changed last week to the Bobby Ming residence, 3029 Ramona drive.

Edna Getz, Venice Homes; Betty Lewis, 2006 Bryan avenue; Henry Cross, 2615 Denver street; Ethel Galt, 2006 Missouri avenue; Paul Riggins, 2615 Iowa street; Howard Gaudin, 3230 Clark place; Walter Boyd, 2146 Delmar avenue; Edward Brusewitz, Edwardsville; Nettie Dougherty, 2212 Edwards street.

WINNER'S CIRCLE

Granite City — Letitia Marnion and Thomas R. Remington, UF campaign chairman, display the "circle" figure which represents \$154,112 of the 1969 goal.

The upward change in the campaign percentage figure to 39.8% was noted after the meeting ended.

The Tri-Cities United Fund's 1969 goal of \$387,104 is shown in the "circle" figure which represents \$154,112 of the 1969 goal.

The upward change in the campaign percentage figure to 39.8% was noted after the meeting ended.

School Design, Engineering Work Reviewed

The Granite City school board on Monday night conferred with Architect Virgil Dulgeroff and Architects Henry Gabriel and Sylvester Duggeroff on the feasibility of separating mechanical engineering and structural engineering work on new schools into contracts separate from architectural work.

All three said it would be more advantageous to the school system to continue the practice of having architects take responsibility for both design and engineering, even though some of the latter work is performed for them by other firms.

At the suggestion of Board Member Monroe Worthen, it was decided to continue the study.

The engineers who usually work with the two local architectural firms will be invited to an Oct. 20 board meeting, which replaces an Oct. 23 session. The board also changed its Nov. 11 meeting to Nov. 13.

The board has not selected a contractor as yet for school construction proposed in a special election Dec. 7.

Board Attorney Contract

A contract with William Schooley as the bond issue attorney.

18 Urged Surgery At Local Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Russell Galtledge, 1702 Second street, Madison; David Miles, 2656 Holmes avenue; Morko Charney, 1224 Grant avenue; Claude King, 2432 Rensselaer; James Deder, 1436 Madison avenue; Emanuel Slagter, Brooklyn; Della Boyd, 1311a Nineteenth street; Fay Heater, 64 Karen drive; Don Teaster, 2829 Washington street.

Edna Getz, Venice Homes; Betty Lewis, 2006 Bryan avenue; Henry Cross, 2615 Denver street; Ethel Galt, 2006 Missouri avenue; Paul Riggins, 2615 Iowa street; Howard Gaudin, 3230 Clark place; Walter Boyd, 2146 Delmar avenue; Edward Brusewitz, Edwardsville; Nettie Dougherty, 2212 Edwards street.

5 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

The higher rates were approved by the Interstate Commerce Commission in July.

Under the new rates, the minimum charge for local parcel delivery will go from 40 to 50 cents.

The minimum charge for parcels destined to go outside the local delivery area will be raised from 50 cents to 60 cents.

Almost all parcels that are charged up to \$1.00 under present rates will go up 10 cents.

Car Thefts, Burglaries Still Top Crime List

Car thefts and burglaries continued to top the Quad-City area crime list in reports to authorities since Monday. Three cars were reported stolen and four homes were broken into.

A 1960 black-over-white two-door auto owned by Carl Rice, 13th and Iowa streets, was stolen from the DX service station, 1801 State street, where it was left overnight for repairs.

It was reported at 7:20 a.m. Tuesday by the proprietor of the station.

Andrew Gladden, 2332 Adams street, reported at 7 a.m. Tuesday that his green 1961 four-door auto was stolen from his home after 10 p.m. Monday.

The 1962 auto of Robert Weiss, 3137 Aubrey avenue, stolen from his home shortly after 8 o'clock last night was located by police about 9 p.m. in the back yard of St. Charles. Weiss did not discover the theft until 11 p.m.

Burglars stole a 20-gauge shotgun from the home of Mrs. Ann Bjorkvick, 1028 Iowa street, Madison, while she was gone to work for two days. Madison police reported at 6:25 p.m. Tuesday.

Mr. Bjorkvick told police that his husband has been out of the city. Entry was gained by breaking the glass out of a rear door.

Mr. Frank Pare, 3313 Lydia lane, reported that while she took her husband to work at 8:30 a.m. Tuesday, burglars entered and ransacked her home. The back door was open on her return. There was no forced entry.

Burglars broke into the home of Joseph E. Sanger, 6358 Wayne avenue, and ransacked every room in the house, police reported at 8:50 a.m. Tuesday.

Entry was gained by forcing open a rear door with a screwdriver. Mr. and Mrs. Sanger were reported out of the city when the burglary occurred and police said it could not be determined what might have caused the burglar to enter until they return. The burglary was discovered by their son Michael Monroe who stopped to check on the house.

An acetylene tank, fuel cap from a high lift and a radiator cap from a crane were stolen from the field yard of the S. M. Wilson Co. at East 23rd and Monroe streets over the weekend. It was reported Monday.

Mrs. Lillian Wild, 2828 East 25th street, reported Monday that a beige portable television set and \$9 from her wallet were stolen in a burglary of her trailer home while she was summoned for a telephone call. The door was not locked.

10% Boost in Parcel Post Rates Effective Saturday

This accounts for more than 80% of all parcel post.

There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4.

Parcel post rates are based on the weight of the package and the distance it is mailed. Higher rates for the delivery of packages and catalogs are required to bring revenue from the type of mail within 4% of operating costs, as required by law, the postmasters explained.

The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis.

Additional revenue is needed from parcel post and catalogs to offset higher costs resulting from pay increases approved last year for postal employees, it was noted.

County Officers Get \$400 Pay Hikes

\$15,000 Salaries Set For Those on Ballot; To Convert Sanatorium

The Madison county board of supervisors granted \$400 annual salary increases to several county officers, hired an architectural firm to begin plans to convert the county tuberculosis sanatorium into a nursing home and adjusted some license fees during a regular meeting Wednesday morning in Edwardsville.

Salaries for county officers to be elected in November will go up from \$11,000 to \$12,000 per year starting in December. They are the coroner, recorder of deeds, clerk of the circuit court and county auditor.

Salaries of holdover officers will remain at the current \$13,500 figure.

As state statutes permit a maximum salary of \$17,000, an amendment to pay the full amount was proposed by Roger Deltor, assistant Nameok township supervisor.

"Tremendous Excess Fees"

His motion was seconded by Nameok township supervisor William Briggs, who said most counties in the state are paying the maximum authorized salaries. He added that all but the auditor operate fee offices and that the officials work over "tremendous excess fees" to the county treasury.

Leslie Pehn of Wood River, chairman of the finance committee, said the committee recommended the \$15,000 figure to help keep next year's budget in balance.

The amendment lost by a 35 to 11 vote.

State's Atty.

The salary of the state's attorney also is to be increased from \$13,500 to a total of \$22,200 per year effective Dec. 1.

The state's attorney will receive \$15,000 from the county. The \$7,200 from the state currently he earns \$13,300 from the county and \$2200 from the state.

The last session of the General Assembly had set salary limits ranging from \$14,000 to \$17,000 for county officers, but county officials are not eligible for pay increases during their current terms of office.

Employ Architects

The board hired Gabriel & Dulgeroff, Granite City architects, to prepare schematic drawings for conversion of the tuberculosis sanatorium into a county nursing home for review by state and county officials.

A \$2800 fee for the work will be paid to the overall architectural fee if the same firm is used for the rest of the project. The \$2800 fee is to be paid Dec. 31 and a TB clinic will be established.

Twelve patients were in the sanatorium as of Sept. 30 where it once accommodated more than 100. The old county nursing home at Edwardsville, which will not meet state standards, had a capacity of 62 residents last month.

License fees for motels, trailers and other establishments in unincorporated areas housing transients were adjusted. The base fee will remain at \$25 per year, but those with more than 15 units will be charged more.

Vandals Cause \$1000 Damage at Underpass

Damage that will total about \$1000 to equipment and construction materials of the Nelson Construction Co. which is building the Broadway underpass in Venice was reported by Frank Sterlman, superintendent of the Venice project.

Police reported that vandals started up a large crane, swung the boom around and broke two wheels thrown into sewer excavations and lumber and other material was strewn about, police said.

At the location of a new drainage pumping station, built in the Kerr Island area near County road, a large quantity of construction material was thrown into sewer excavations and lumber and other material was strewn about, police said.

EVANGELIST CHILES

Revival Services Set At Grace Baptist

Rev. Clifford L. Moeller, pastor of Grace Baptist Church, 2800 Edwards street, is announcing a revival service to be held at the church starting Sunday and continuing through Oct. 27.

Evangelist Clyde Chiles Will Conduct Services Each Evening at 7:30

A native of St. Louis, Rev. Chiles has had 14 years of experience in the field of evangelism. Acclaimed as a powerful preacher of the Gospel he is also a musician.

He was selected by the university he attended to appear in the 1954 issue of Who's Who in American colleges and universities. Since his graduation from Southern Theological Seminary in 1956, he has been engaged in full-time evangelism which has led him into 18 states with an average of 28 evangelistic campaigns each year.

The public is invited. A nursery will be provided for young children.

Parents Get Surprise Call From Hong Kong

The phone rang at 7:30 yesterday morning at 1414 Grand avenue, and Mrs. Charles Stimac was surprised and delighted to hear the voice of her son, Army Specialist Five Charles Stimac calling from Hong Kong. "I was spending a sabbatical leave from Vietnam where he was stationed with the 1st Artillery."

SP/5 Stimac, 21, has served in Vietnam the past eight months. He was graduated in 1965 from Granite City high school and attended Illinois State University for one year prior to enlisting in the Army in November 1966.

Harold Fischer Again Heads Port District

Harold R. Fischer, chairman of the board of the First Granite City National bank, was re-elected chairman of the Tri-City Regional Port Authority board in a regular reorganization session Tuesday afternoon. It will be Fischer's second term as head of the Port board.

The seven commission members also re-elected John Belcoff as treasurer and Carl Ranft as secretary. Ranft also is manager of the Port District. Other members of the Port board are Henry D. Karandjoff, Walter "Buck" Simmons, Harold E. Hillmer, Joseph Grant and William Harris.

Reason for Organization

The group also will aid in preparing gifted and talented students to take responsible places in community life. The organization is needed because the structure of our American educational system does not readily adapt itself to student-community interaction of this magnitude.

Formation of a broadly-based local chapter of the National Association for Gifted Children will be the subject of a public meeting at 7:30 p.m. next Thursday, Oct. 24, at Grigsby junior high school, Cargill and Pontiac roads.

Goal of the non-profit organization is to encourage children to reach their potential ability, help parents understand their children, and assist children in assuming their responsible places in the community.

Guest speaker will be Robert Hardy of the staff of State Superintendent of Public Instruction Ray Page. Hardy is assistant director of the Department of Program Development for Gifted Children.

Independent of Schools

Planning of the meeting is being coordinated by Mrs. Sally Sowell, director of the gifted program of the Granite City community unit school district. However, the chapter will be independent of the school district.

The meeting is being held during National Gifted Child Week.

Mrs. Sowell commented today that "the National Association for Gifted Children, founded in 1964, has done more to help gifted children than any existing organization."

"Membership is open to interested individuals and organizations," Mrs. Sowell said, adding that it is not necessary to be a parent of a school child in order to participate.

She is inviting individuals and representatives of organizations to attend and become acquainted with others having the same interests.

Topics on Oct. 24 will be a charter, the place and time of future meetings, frequency of meetings, objectives, membership privileges, membership responsibilities and activities.

Pupils include Future Leaders "Gifted individuals, and thus the community, can reap unlimited advantages from an organization dedicated to the leaders of our community," Mrs. Sowell believes.

"If anyone knows of persons who would be interested and who have not heard of our desire to organize, I ask that he invite them."

"Even though they may not have children in school, they may be vitally concerned about gifted children and our community."

The Granite City school system defines gifted students as:

1. The top 20% of the school enrollment typically capable of achieving at one year or more than one year above their grade level in school.
2. Talented in one or more specific interest areas, such as science, music, drama, art, business education, industrial arts, home economics, foreign language and leadership.

"There is a need for communication between outstanding and capable persons in these fields so that the gifted or talented child can identify himself with responsible adults of the community," Mrs. Sowell said.

"The chapter can provide adults with the opportunity to discuss mutual problems of a civic nature with today's young people. They can experience the satisfying reward of interacting with children within the framework of their special interest."

A total of 125 letters has been

sent, and local organizations are being urged to have representatives present.

A minimum of ten persons is needed to form a chapter, and all chapter members must join the national association for the gifted. Chapters hold at least one annual open meeting in their own area, as well as a statewide meeting. Reports to the NAGC convention summarizes their activities.

Chapters support activities for the gifted in both public and private schools, surveying them biennially in regard to their provisions for such students.

They encourage observance of National Gifted Child Week and the World's Gifted Child Book Project.

Field Trips, Civic Service

Projects which have been carried out by chapters include:

Scheduling field trips to points of scientific, artistic, historical or geographical interest in the community.

Arranging for regular get-togethers of gifted children under trained supervision.

Opportunities for boys and girls to meet prominent persons who may be residents or guests.

Sponsorship of writing contests, due to the fact that many high-achieving adults say that such activities were stimulating and encouraging to them as children.

Opportunity for older gifted children to share their interests and hobbies with younger ones.

Arranging for the volunteer services of older gifted children in community service activities.

NAGC chapters also survey scholarship opportunities, secure reading matter on the education and psychology of gifted children in community service activities.

NAGC chapters also survey scholarship opportunities, secure reading matter on the education and psychology of gifted children, develop speakers' bureaus, grant citations of honor to outstanding laymen and laywomen.

Professional people in the community who have aided gifted children, and develop lists of students having ability and interest in special fields.

Salvation Army Board To Meet on Monday

The Salvation Army advisory board will hold a regular meeting on Monday at 11:45 a.m. at the Rose Bowl.

The main topic will be the forthcoming Christmas programs and general committee reports. It was announced today by Capt. Harold Thomas.

Olympic Gold Medalist Stars in 'Ice Follies'

Peggy Fleming, the brunette skating star who won the Olympic women's skating gold medal at Grenoble, France, last February and who has captured three straight world championships, will appear with the 1969 edition of the Shipstad and Johnson "Ice Follies" when the extravaganza plays the St. Louis Arena next month.

Harold Brown, Granite City park superintendent, today said that arrangements have been completed for a special "Ice Follies" trip to be sponsored by the park district on Thursday, Nov. 7. However, he warned, all reservations must be made at the Wilson Park office by Friday, Oct. 25.

A total of 253 reservations, available to local residents for the single performance, will be located in the "very best section of the Arena," the park official commented. He explained that the seats are situated in the first five rows of the Arena's center circle.

"These are exceptionally good seats and no one will have to climb more than five steps," Brown noted. He pointed out that seating arrangements play an important part in advance planning when senior citizens are expected to make the trip. Last year's "Ice Follies" excursion was a sell-out, with many older people enjoying the show.

Reservations currently are being accepted in person at the Wilson Park office, or by calling 877-3069, Brown said. An admission ticket to the show, plus round-trip transportation to the Arena door, may be obtained at a cost of \$4.50 per person.

The 20-year-old Miss Fleming, who also is five-time United States champion, uses many of her Olympic routines in her Ice Follies performance, doing ballet, modern dancing to a jazz beat and spectacular acrobatic jumps and spins.

She will perform a double Axel Paulsen spread eagle that has been called "unbelievable," leaping from a backward cantilever spread eagle position into a two-and-a-half revolutions in the air and landing back in the spread eagle.

Youth, 13, Injured In Fight, Hospitalized

Roger Teller, 13, of 2208 Dawn place, was admitted to St. Elizabeth Hospital after he was beaten by three boys after 6 p.m. Tuesday, it was reported to the Madison county sheriff's office at 11:30 p.m.

The youth told deputies that the fight was planned after another boy had made fun of him while at school, but he had not expected the other two to appear.

Stop Sign Violation

Leland Riagg of Brooklyn was arrested by Venice police at Klein street and Broadway about 11:40 p.m. Monday and charged with a stop sign violation. Hearing is set Oct. 30.

Cash Prizes to be Awarded In Moose Halloween Parade

The annual Halloween Parade sponsored by the Moose Lodge No. 1234, for this year's parade, which will be announced by Edward Chas. later.

Judges are being selected, and costumes winners will be announced at the conclusion of the parade at the city hall. The parade route from the city hall will be east on Niedringhaus avenue to State street, south to 18th street, west on 18th to Niedringhaus and Cleveland, and then east on Niedringhaus to return to the city hall.

Dram Shop Suit Filed Against Venice Store

A dram shop suit for \$15,000 and \$20,000 was filed in Madison county circuit court at Edwardsville this week against the Venice Liquor store and Bruce Henderson for Veda Eller and Mickey Eller.

The complaint alleges that Eller was injured when an auto driven by Henderson collided with another auto on Oct. 15, 1967, on Chain of Rocks road at Route 3 after Henderson had become intoxicated at the store.

Custodial Staff Expansion at 2 Schools Approved

Employment of an additional custodian was approved Monday night by the Granite City school board, increasing the staff at both Grigsby junior high school and Niedringhaus grade school.

A position that had been divided between Coolidge and Grigsby, instead of two full-time custodians and a four-hour custodian at Niedringhaus, that school will now have three eight-hour men.

An overload in duties at Niedringhaus was cited, based on the size of the area to be cleaned.

At Grigsby, the half-day position will be added to a staff of six custodians and one matron. Factors listed were the amount of glass to be cleaned; use of the cafeteria as an afternoon study hall, requiring additional cleaning; and use of classrooms 504 and 502 for evening wrestling practice, requiring removal and replacement of chairs and desks and additional mopping.

New Faculty Members Teachers employed were Mrs. Jane Logan Archard, Edwardsville, master degree from State University College of New York and five years of experience, for an upper primary class; Paul H. McCord, O'Fallon, Mo., for high school welding instruction; and Mrs. Doris C. Stark, 3036 Iowa street, Washington University master degree and 15 years of experience as a social caseworker, for a school social worker position.

Harold Edward Dombrowski, 2821 Fortune drive, and Joseph L. Smith, 2652 Lincoln avenue, were hired as assistant custodians.

Five cafeteria workers were employed — Mrs. Mildred E. Anderson, 4501 Highway 162, Mrs. Marida Ward, 2621 East 27th street, Mrs. Mary Roberta Cory, 4921 Carl avenue, Mrs. Helen M. Hill, 4831 Warnock avenue, and Mrs. Geraldine E. Rowland, 657 Barkley street, Mitchell.

Resignations, Leaves Resignations were accepted from Mrs. Mary Boris, Alton, Coolidge junior high school, social studies and language arts teacher, effective Oct. 30, and Robert Lorentz, 3900 Glenlight Walk, Logan school, middle intermediate teacher, effective Sept. 27.

A leave of absence was granted effective Nov. 28 to Mrs. Margaret Amisch, Granite City, "Project Lift Off" nurse at Webster school.

Mrs. Louise Palau, Collinsville, a Granite City high school business education instructor, will receive a leave of absence effective Jan. 17.

'Shootout' Occurs at Eagle Acres Tavern

A "shootout" occurred early Wednesday in Eagle Park Acres, but no one was struck, according to Madison county sheriff's office.

The department received a call from special deputy Eddie Salmond at 12:25 a.m. stating that "two men were shooting at each other" in front of Amanda's tavern (the old Waggon Wheel tavern) on Terry street. Rufus Jones, 218 Terry street, was listed as the complainant.

Upon arrival, deputies met Jones who said that someone had broken the right front window and windshield and cut the top of his 1962 convertible auto which had been parked on the tavern lot all day.

The deputy testified that an acquaintance went somewhere at that time and obtained a rifle, he thought, and started shooting at him.

The deputies' report said Jones then changed his story to say that the acquaintance shot two times in the door of Eddie's lounge next to Amanda's. Jones said he ran out the side of the building and shot twice at the assailant.

Jones said the first gunman had asked for \$2 on Monday and Jones told him he would not let a "top head" have any money. He said the man then told him that he would "get him."

Jones was advised by deputies to see the state's attorney. No arrest was made.

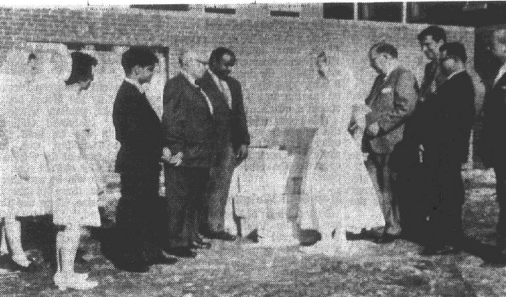

Harry Carpenter, 62, Dies Following Stroke

Harry E. "Nibs" Carpenter, 62, of 211 Abbott street, Venice, died at 1:30 p.m. Tuesday, Oct. 15, at Jewish Hospital. He had suffered a stroke while at work as a railroad yardmaster and was taken to the hospital nine days ago.

A lifelong resident of Venice he was a member of St. Marks Roman Catholic Church, the Yardmasters Association and an honorary fireman of Venice Fire Department. He had been employed for 45 years with the Terminal Railroad as a yardmaster.

Surviving are his wife, Gertrude; one son, Gerald P. Carpenter, of Venice; one brother, Elmer Carpenter of Granite City; a sister, Mrs. J. E. (Eacy Elizabeth) Craig of Cuba, Mo.; and one grandchild.

Arrangements are given in today's obituary column.

CONSTRUCTION WORK on St. Elizabeth Hospital expansion is inspected by Cong. Melvin Price (D-East St. Louis) conferred here Tuesday with St. Elizabeth Hospital authorities and inspected construction progress on the new hospital addition as part of a program of activity scheduled in the Madison-St. Clair county area preliminary to opening of National Health Week Sunday.

Price Tours Hospitals in Area to Mark Health Week

In conjunction with National Health Week, Cong. Price inspected hospitals throughout the area Tuesday and yesterday.

Price was accompanied by Harris Dinner, St. Elizabeth Hospital administrator, and S. J. Daniels, St. Elizabeth Hospital administrator, and S. J. Daniels, St. Elizabeth Hospital administrator.

Price also was scheduled to make stops at the American Cancer Society Headquarters and the Visiting Nurses Association headquarters in East St. Louis and the Belleville Junior College of Nursing.

Price said that the issues of hospital modernization, adequate health service and manpower are the key matters which must be fully explored. He cited the one year extension of the Hill-Burton program, the basic hospital construction loans to nonprofit hospitals as examples of congressional awareness of the nation's growing health needs.

The congressman said he believed that Congress will be called upon to dwell upon the subject at much greater length and focus more attention on health efforts.

Observance of National Health Week will continue to Oct. 27.

Benjamin Potts, 83, Dies; III 3 Years

Benjamin A. Potts, 83, of 207 McCasland avenue, Madison, died at 11:35 p.m. Tuesday at John Cochran Veterans Hospital, St. Louis. He had been hospitalized for 34 days.

He was born in Shannon county, Mo., and lived in the Quad-City area for 42 years. A retired steelworker he was employed at the Granite City Army Depot during world war II, for two years.

Mr. Potts had served as a private in the Marine Corps from January 1912 to June of 1913.

Survivors include his wife, Mrs. E. M. (Tucker) Potts; three daughters, Mrs. George (Rady) Cochran of Granite City; Mrs. William (Iva) Hoffman, Venice; Mrs. Ward (Crystal) Ramey, Mt. Rose, Colo.

Four sons, Clifford and Clarence Potts both of Madison; Arley Potts, Granite City; Adolph Potts, San Francisco, Calif.; one brother H. N. Potts of Delta, Colo.; two sisters, Mrs. Myrtle Tucker, Kansas City, Mo., and Mrs. V. A. Jenks, Adrian, Mo.; 23 grandchildren and 15 great-grandchildren.

Arrangements are given in today's obituary column.

Rev. Mattingly, Rev. Surrency to Exchange Pulpits

In conjunction with the ecumenical movement, Rev. Paul Surrency, pastor of St. John United Church of Christ and Rev. Lawrence Mattingly of St. Elizabeth Roman Catholic Church, will exchange pulpits this month and one Sunday in November.

Rev. Mattingly will conduct services at St. John Church on Oct. 27 at both the 9 a.m. and 10:30 a.m. services.

Rev. Surrency will give the meditation at all masses at St. Elizabeth Church on one Sunday in November, the final date to be announced later.

Plans for this broad through program were prepared by the two religious leaders, with hopes that they will provide better understanding among the different religions in this area.

8 Arrested Here for Traffic Violations

Eight motorists, all of Granite City, were issued tickets on traffic charges Tuesday afternoon and evening.

Those ticketed were Michael R. Allen, 3021 Wayne avenue, speeding; Peter R. Shocker, 2206 Waterman avenue, stop sign violation; Charles R. Phipps, 2925 Warren avenue, improper display of state license plates; Billy D. Earls, 2202 Illinois avenue, careless driving.

James W. Powell, 2300 Elm street, stop sign violation; L. J. Wolt, 3151 West 27th street, disobeying traffic signal; and Don Atchley, 2608 Angela drive, and Gary D. Allen, Rural Route One, Granite City, both charged with illegal possession of alcoholic liquor.

Hearings for Atchley and Allen were set for Nov. 6. All other drivers are to appear for magistrate hearings Oct. 30.

William Grieve, 79, Found Dead at Home

William Grieve, 79, of 2102 Washington avenue, was found dead at his home Tuesday by his sister, Mrs. Margaret Owen of Belleville. Mrs. Owen had arrived here to take her brother to her home to live as he had been ill for about a month. He was pronounced dead on arrival at St. Elizabeth Hospital here.

Born in Belleville, he had made his home locally for the past 10 years. His last place of employment was with the General Magnesium Co. in Belleville.

He was a member of the World War I Madison Barracks 34 and the Veterans of Foreign Wars, Post 1300.

Services will be held at 1 p.m. Friday in Belleville. Interment will be at Valhalla Burial Park.

19 Students at VHS to Sing at Choral Clinic

pay an additional fee of \$2 per unit over the 15.

In related action, places of amusement will be assessed an additional fee of \$2 for all coin-operated devices in excess of three. The base fee will remain at \$25 per year.

Both license schedules will be in effect for the calendar year beginning Jan. 1 in unincorporated areas of the county, and fees for a half year or less will be one-half of the annual amount.

Change Orders

The board approved three change orders in construction of the new county juvenile detention home to complete an office wing. Previous plans called for completion of the wing at a later date, but William Webb, assistant Granite City supervisor, and detention home chairman, said funds became available and it would be less costly to complete the work now than later.

The contract changes, totaling \$11,656, include: L. L. Korfke & Son for general contracting work, \$1283 to Guarantee Electric Co. for electrical facilities and \$823 to General Refrigeration & Plumbing Co. for heating and air conditioning.

The board also authorized a call for sealed bids for landscaping and fencing of the detention home property, located on the grounds of the TB sanatorium south of Edwardsville.

Parks, Recreation

After a long discussion introduced by Milton Allen, Granite City chairman of the parks and recreation committee, the board decided to discontinue negotiations with the state to obtain title to Alton State Hospital property for park and recreation purposes.

Allen said the county is unable to finance purchase and development of the large tract, once farmed by the state hospital, while Alton is in a good position to negotiate as the state has condemned some of its park land for highway purposes.

He said the city of Alton wants to develop the area and that it would be open to the public. He also said that the state would not dispose of the property until legal elements reach an agreement.

Briggs objected, stating that the property should be available to all county residents and that its procurement and development could be financed through revenue bonds as provided by state enabling legislation.

Other Board Action

In other action, the board: Agreed to sponsor enabling legislation to permit townships to spend funds for engineering studies for various projects to permit them to participate in federal grants.

Authorized a call for bids for office furniture and fixtures of the new office of the county superintendent of schools in the old Edwardsville post office building, with contracts to be let to the lowest bidder without bond action.

Approved partial payment of \$20,627 to Ed Moore, Granite City contractor remodeling the post office building for county office purposes.

Appropriated \$14 million of motor fuel tax to be used for construction of 4.2 miles of 40-foot concrete highway from Alton to Godfrey along Humboldt Road to accommodate a heavy volume of traffic.

Call Repair Bids

Authorized a call for bids for garage roof and storage building repairs at the county highway building.

Awarded a contract to the Morton Salt Co. for the purchase of road salt on a low bid of \$10.85 per ton. Cargill bid \$10.85.

Purchased a snow plow from the Caterpillar Tractor Co. for \$1750.

Referred to the legislative committee a written request for an open housing ordinance submitted by the Alton branches of the NAACP and the Freedom of Residence Committee.

Appointed Allan O. Claus of Collinsville to succeed Mrs. Gladys Lewis as a member of the County Mental Health Board. She resigns. The term expires in November 1970.

Driver in Crash Charged

A charge of operating a truck without a valid chauffeur's license was placed against MacWhorter Poe of East St. Louis, who was involved in an accident yesterday afternoon in the 1300 block of Edwardsville road. Police said Poe was pulling away from the curb and struck a eastbound auto of Russell Corzine, 4021 Maryville road. A charge of permitting an unauthorized person to drive a truck was placed against Corzine, 4021 Maryville road.

The driver of the truck, which was involved in the accident, was not identified. The driver of the truck was not identified.

NARCO Here A 'First' in Program to Aid Drug Dependents

NARCO is a new word around St. Elizabeth Hospital.

It represents a four-way cooperative program aimed to help drug addicts and is a detoxification experiment based on a program similar, but not exactly like Alcoholics Anonymous.

NARCO, Inc., stands for Narcotics Addicts Rehabilitation Community Organization and is believed to be a "first" for a community hospital, local doctor, university and the federal government to team together for implementing such an experimental detoxification program for drug dependents.

Members of the team are Dr. J. Robert Russo, associate professor of psychiatry at Southern Illinois University-Southwest, and Jesse Ybarra, an ex-addict, who provides the contacts.

Decisions on the staff at St. Elizabeth Hospital have joined in on the experiment, and other members of the hospital staff have been given special training.

Jobs Are 'Key'

The key to the drug problem, Dr. Russo noted, is to bring about the cure and then find gainful employment for the individuals, with the support of the community.

The experiment currently is being conducted in the two-county (Madison and St. Clair), and it is hoped a house can be found at a reasonable price where the addicts can live until they can re-establish themselves with their families or find suitable jobs.

Sister Mary Thomas, hospital administrator who has high hopes the program will broaden out, said prospects now are that a contribution will be made to buy a house known to be available in the East St. Louis area.

Just how many drug addicts there are in the two-county area or in the Quad-Cities is not known. "We're not doing a survey now to find out, but that job is not easy," Dr. Russo said.

He stressed the program is strictly on a voluntary basis, and the individual must be able to pay for his own care. "We try to pick only the winners—persons who want to help themselves. The job of making the contacts is

TREATMENT PROCEDURES for drug dependents being explained to two staffers at St. Elizabeth Hospital, Velda Phipps and Mary White, by Jesse Ybarra, ex-convict and former addict, who is the key "contact man" for NARCO, Inc.

Ybarra, who is aided by Rev. Timothy Hatter of the Church of God in East St. Louis.

"My job," Dr. Russo told the Press-Record, "is to screen these individuals to determine as much as possible if they are sincere. All this is done in the strictest confidence, even to the treatments, to protect the identity of the individual."

He explained the project is a joint effort of the Ecosystems Opportunity Commission and SIU-SW with the aid of the local hospital in providing facilities for the withdrawal or "drying-out period," and treatments carried out with the assistance of hospital staff doctors.

Not Quite 100% by any means, but our average currently is above the national figure with the routine cure procedures," he added.

Anyone with a drug problem wanting to enroll may call Ybarra at 274-2100, or Rev. Hatter, 271-6044 or to write NARCO, Inc., PO Box 443, East St. Louis, 62201.

"The drug dependent," Dr. Russo explained, "usually is an intelligent person, but he needs to be needed and loved."

"After the cure, then a job is critical. "We hope local industries and businesses will give us some help," Dr. Russo said.

The professor praised highly the work of ex-convict, former addict Ybarra, who saw the need for such a program while serving a prison term on a narcotics charge in Illinois and landed in East St. Louis, a year ago, paroled to Rev. Hatter.

Speaks the Language Ybarra provides the main contact with the addicts. "He

speaks their language, and in his term he's 'kicked the habit,'" Dr. Russo told the Press-Record.

The professor tried a direct contact to help several drug dependents in East St. Louis, visiting them in their apartment, but he was not successful. "I couldn't convince them I wasn't a policeman until Jesse came to my aid. They just wouldn't trust me."

All of the persons joining NARCO have stuck with it, but Dr. Russo noted this is not unusual. "A drug dependent needs more than just a drying-out. He or she needs human compassion and companionship. All that's why we're trying to find a suitable home with the aid of a man like Jesse Ybarra."

Ybarra, 34, is enrolled in the New Careers program at the East St. Louis center of SIU-SW and is now paroled to the pro-

gram from Menard. He visits the penitentiary almost every week in his own program to help the drug dependent.

His brushes with the law started in Texas when he was 17. He was arrested in Chicago for possession of narcotics and sentenced to Menard.

NARCO's Main Cog "It's the main cog in NARCO," Dr. Russo said. "I'm the technical advisor." Dr. Russo is head of the Delinquency Study and Development project that was started in 1963 by the Office of Juvenile Delinquency, the Federal Health, Education and Welfare Agency.

NARCO doesn't expect a flood of phone calls with publicity. "Most of our contacts are made by Jesse and Rev. Hatter on the street, through the grape, but there might be someone with a drug dependency problem who wants to be helped," Russo said.

"We can do that, if they will cooperate. But we stress the program is voluntary. Their clothing is left in their room at the hospital, and they can get up, get dressed and walk out any time they want to."

He noted that the drug dependency problem is becoming more acute with the stress and strain of modern civilization. "People are looking for an out. Drugs may supply the answer. They're intelligent people, in most instances; they're ashamed or try to hide their problem, but they can be helped."

"We had one woman, mother of several children, who turned to drugs. She stole to buy drugs and forced doctors' names to get them. When her husband gave up and took the family away from her, she came to us. We tried to help her, but she decided she didn't want the help."

If an individual is determined, we can help them, and we're grateful to St. Elizabeth Hospital for wanting to help them. This program could grow and spread nationwide—all with the start here at St. Elizabeth Hospital and the aid of a man like Jesse Ybarra, who went through the experience."

Tour of Illinois Ozarks Scheduled At Grand Tower

Quad-Cityans are being invited to attend the autumn weekend festivities to be held on Oct. 26 and 27 in Grand Tower, Ill.

This tour and activities will be planned around a scenic section where the Mississippi River cuts through the Ozark mountains in southwestern Illinois and is considered one of the prettiest natural spots along the entire river.

Activities planned by that area's residents will begin at 2 p.m. on Saturday, Oct. 26, when an all-you-can-eat luncheon at the old-fashioned boarding house Grand Tower Inn.

Promptly at 2 p.m. visitors are to use their own cars to visit scenic guides to nearby scenic spots.

The tour will stop on the river bank at 5 p.m. where a new ferry boat will transport all guests to a river sandbar for dinner around campfires of dried natural spots along the entire river.

Breakfast on Sunday morning will begin at 6:30 and church services will be held in Murphysboro and the village. At 9 a.m. the tour will leave for sightseeing to include Wild Cave and other scenic spots.

A limited number of sleeping accommodations are available at Grand Tower Inn for Saturday night. Total charge for three meals and boat trip will be \$7 per person, \$5 for children under 12. Those under 6 years can participate free. Advance reservations may be mailed to Wayman Freese, Murphysboro, Ill. 62508 or phone 618-564-1143.

Rock Breaks Windshield

Vance Morgan, 1625 Clark avenue, told police that as he was driving in the 2400 block of Adams street Wednesday afternoon a windshield of his 1968 auto was struck and broken by a rock. He said there were boys around the windshield who were throwing rocks at each other.

Charged with Speeding

Mark Reynolds, 2829 Palmer avenue, was issued an arrest ticket yesterday by Madison police operating a radar unit in the 1300 block of Madison avenue where the motorist was charged with speeding.

66 Compete in Passing, Kicking; Six Advance

Ford dealers' annual Punt, Pass and Kick contest, held at the Granite City high school field Tuesday afternoon, had the best participation of any such contest held in this area. Director Dick Yates announced. The six local champions will compete at 10 a.m. Saturday in zone competition at Clayton, Mo.

"We had 71 boys register for the event, and from those 66 were on hand for the judging." Winning for the third straight year was John Macras, 10, of Louis Baer school in Madison, who last year advanced to the district meet—third of six test levels—held at B. S. C. Memorial Stadium in St. Louis between halves of a Cardinal football game. He scored 239½ points for his victory.

Repeat winner in the 12-year-old classification was Roy Meyer of Emerson school. As an 11-year-old, he was eliminated in zone competition. He

Warrior, Oiler Grid Sophomores Tie 7-7

Sophomore grid Warriors played to a 7-7 tie against River here Monday evening, bringing their season record to 2-1-2. The other tie was against Alton.

The Warriors scored in the first quarter, marching from their 30 to the Oiler three before Ned Tapp carried the ball over. Eric Stuber kicked the extra point.

The Oilers scored with 30 seconds left in the half on a screen pass and then kicked the extra point.

As the game neared an end, the Warriors were on the two-yard line. They called time and tried a field goal but the kick was blocked.

Coach Tom Wyrostek said, "This is the first week that we used exclusively specialty teams. We completely platooned, which gives them more experience and a greater chance to play."

Ernest Link, 97, Pioneer Resident, Dies in Hospital

Ernest W. Link, 97, of 2267 State street, a pioneer and life-long resident of the Quad-Cities, died at 11 a.m. yesterday in St. Elizabeth Hospital. He had been ill about a month and his death was the result of pneumonia.

Mr. Link was one of the first members of the board of trustees of the old Methodist Cemetery located behind Kirkpatrick Homes and was the president of the board.

He had been active in efforts to renovate the cemetery for purposes of preserving graves there and had urged the city to take an active interest in the project.

A local historian, he maintained a keen interest in the community and often discussed with friends the changes which have occurred during the years.

Surviving are his wife, Mrs. Mary Link; two step-daughters, Mrs. Anna Pfeiffer and Mrs. Maureen Althoff, both of St. Louis; six grandchildren and several great-grandchildren, nieces and nephews.

Funeral arrangements are given elsewhere in this issue.

40 Attend Forum on 'Management, Youth'

Forty to 50 Quad-City area business and industrial leaders participated in a forum on "Management and Youth" sponsored by the Illinois Power Co. Wednesday at the St. Clair Country Club, Belleville.

Speakers included Nicholas P. Veeder, chairman of the board of Granite City Steel Co., "Management's Stake in Youth," John Rindelman, chancellor, Southern Illinois University, Carbondale, president, cast-iron division, General Steel Industries, on "Recruiting and Training for Management for the Future."

Principal speaker at a dinner session was Wendell J. Kelley, IFC president, on "What Youth Management Are Thinking About."

Van L. Griffin, 43, of 2640 Center street was injured when his auto struck a steel light standard on the east side of Madison avenue at 18th street at 1:50 a.m. Tuesday. He said he fell asleep at the wheel.

Griffin was admitted to St. Elizabeth Hospital with chest injuries and a severely dislocated right wrist. X-rays were taken.

Mrs. Myrta Emmett, 88, Dies; Ill 20 Years

Mrs. Myrta P. Emmett, 88, of 2020 Myrtle avenue died at 11 a.m. yesterday in Jersey Community Hospital, Jerseyville, where she had been a patient three days. She had been ill for the past 20 years.

Mrs. Emmett was born in Richview, Ill., and had been a resident of Granite City for 20 years.

Her husband, Orlan Emmett, preceded her in death in 1922. She is survived by two daughters, Mrs. Helen Dillen of Granite City and Mrs. Ada Senyard of Overland, Mo., and one son, Albert Maylor of Toledo, Ohio; six grandchildren and seven great-grandchildren.

GC Steel Co. Stock Fluctuating Again

Granite City Steel Co. officials are at a loss to explain another series of fluctuations in the firm's stock this week.

Rumors several months ago, when another fluctuation occurred, were that someone was trying to gain control of the company. "We have no way of knowing what is going on," a spokesman for the company said today.

He said the brisk demand for the stock is unusual, especially since operations have been curtailed since August when there was a breakdown of one blast furnace, while the only other was in the process of being repaired.

Planner Urges School Design

board in its meeting in November. The Granite City park district was not represented.

Only criticism of the plan offered during the hearing was advanced by Alderman Walter Nomm of the Fifth Ward, who suggested that the plan project grade separations for more adequate access to West Granite.

This, Nomm contended, would "result in the entire west area being built up and developed."

Nomm pointed out that the plan as presently drawn "leaves the West Granite area to phase out into industrial territory."

In his presentation of the program generally, Mikesell told the group the expansion of the city is essential and that the only directions in which it can grow is to the north and east.

He noted that even expansion in the eastward direction is hampered considerably by Horseshoe Lake. Projections of the Development Plan indicate a potential population of 51,000 persons by 1985 under normal growth patterns within the present limits of Granite City, Mikesell said.

But, he pointed out, if the city expands by annexation into the entire study area of a mile and a half outside the present city limits, the 1985 population will be around 72,000 persons in the city and 82,000 persons in the school district.

He said the study shows that Granite City, from 1957 through 1967, annexed about 1000 acres of land, mostly to the north.

During that same ten-year period, he noted, Granite City also developed about half of all of its available vacant land.

In 1957, he said, about 24% of the land in Granite City was vacant. By 1967, the area of the city included only 13% in vacant land.

Significant Point

"This is a very significant point," Mikesell said in pointing out that "while the city was adding 1000 acres to its territory, it also was developing half of its vacant land—yet a special census in 1967 showed a population decline below the 1960 federal census."

Mikesell remarked that "this is something we still can't figure out. It is my contention that the 1960 census was in error in enumerations that were too high in several sections of the city."

Remarks by some city aldermen that annexation on a large scale is difficult "to sell" to the people because of their belief they must pay higher taxes in the city resulted in a suggestion by Mikesell that the city re-evaluate the services the city has to offer such areas and develop a "real selling program" that will convince them the city has something to offer.

Mayor Apologizes

In opening the public hearing, Mayor Donald Parnley told Mikesell that he wanted "to apologize" for the city government because of city council action in deleting a \$1605 allocation to SIMAPC from the city's 1968-69 budget.

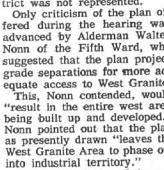

SIMAPC operations are financed primarily by contributions from communities and tax agencies in the area it serves (Madison, St. Clair and Monroe counties).

Mayor Parnley noted that a Granite City contribution was included in the budget he prepared, but was stricken in the final budget version adopted by the council.

Army MPs 'Adopt' 50 Youngsters in Vietnam Village

Pint-sized Vietnamese youngsters, clinging to the hands of broad-shouldered, six-foot American military policemen are a common sight most Saturday afternoons near Long Binh, Vietnam.

For this is the day, if duty schedules permit, when more than 50 boys and girls from the shattered "Widows Village" of Ku Gia Vien attend a party. The children scramble off the circus-like convey of jeeps and trucks at the 552nd Military Police Company headquarters into the arms of American soldiers for their special day.

One of the MP's is Private First Class James L. Holland, son of Mr. and Mrs. James G. Holland, 2637 Cleveland Blvd., who with the 552nd detachment, provides security for the village and the surrounding brushlands by patrolling the area in their roving gun jeeps.

The kids attending the party and the MPs are no strangers. The military policemen all but live in the village of Ku Gia Vien, which is often called "Widows Village" because it is a refuge for families of South Vietnamese troops who have been killed by the Viet Cong.

Treats for Youngsters

The first "Big Brother" day, sponsored by the unit, is in October, when the MPs and their "children," ranging from three- to ten-year-olds, spend the day walking hand-in-hand to the Post Exchange and returning with sacks full of goodies, or enjoying piggyback rides, balloons and games and dances of the tiny Vietnamese girls.

One rookie MP and a young boy paused the afternoon hours toasting a small, home-made parachute into the air, retrieving it and tossing it up again. "OK, line up and sound off if you have a boy or girl," bellowed S/Sgt. Jerry Kaufman of Daleville, Ala., in the operations sergeant, after the soldiers cleared the children's trays of the scant remains of ice cream and cake.

Then, one after another, each Army policeman smiling broadly gave a doll to a tiny girl dressed in a shiny, blue, or a ball and truck to his restless young "man" standing expectantly alongside him. Every pair of eyes sparkled and the buzz and excitement in the mess hall turned into a raucous roundings into a fantasyland.

Help from Home

Sgt. Kaufman engineered the 552nd's "Big Brother" party, which originated more than a month ago. He, the officers, NCO's and men of the company have adopted the children, wives, hometown newspapers and civic organizations for children's clothing.

Several of the military policemen have even adopted fatherless families in the village. Some of the "Big Brothers" are "Vietnam" fathers, such as Capt. Matt Meskic of Lompoc, Calif., commander of the 552nd, "Wanted money to send a boy or girl through school."

Primary goal of the Big Brother program is to evolve the friendship between the village children and soldiers into a wide-scale Boy and Girl Scout organization. Specifically, in the 552nd's area which the Viet Cong rolled over during the Tet "truce violation" attempt to overrun II Field Force Headquarters, located just across from the village.

Col. Leonard Beckica, II Field Force Provost Marshal, a strong advocate of the Big Brother idea, cited an urgent need to "reach" these leaders of tomorrow through youth programs.

Personal Concerns

"We don't just drive through the village in gun jeeps and keep the peace. We want these children to know we are concerned about their health and welfare and want to render assistance whenever possible," the officer said.

"Big Brother and other educational and recreational projects aimed at the Vietnamese young people will provide them with an alternative to the Viet Cong," the colonel added. And, according to the provost marshal, the enemy places great emphasis on young Vietnamese. Twenty-percent of the Vietnamese are slight of build, the actual age, mental awareness and maturity of the young people is deceptive—especially to the casual observer. The children of the 552nd know better because of their down-to-earth, human approach to a defined task.

They believe that a "little personal contact between people of vast age and cultural differences can move mountains."

"I haven't said a word yet, but she hasn't cried either. One military policeman from New York commented as he looked down gently at his five-year-old miniature "sister."

Tu's silence seemed unbearable as she sat stumped in the bulky mess hall chair.

Just Like Corner Store

"At the PX, she picked out the candy herself. I think she looked for the most colorful pieces. Then we went to the

GETTING ACQUAINTED are Army Pfc James L. Holland and small Vietnamese boys from Ku Gia Vien village. The youngster is one of 50 orphans of South Vietnamese servicemen who are entertained regularly by the Granite City soldier's unit, the 552nd Military Police Company, based near Long Binh, Vietnam.

Snack bar for a hot dog

After the speck of a girl in a blue dress held a doll almost as big as she, presented to her by the burly MP, a big smile spread across her face. "That said plenty," the soldier commented.

The attitude of these American soldiers was typified by the perceptive nature of one MP during Big Brother Day. His little sister, Khanh, a slender child with rich, red-tinted skin accented by long, coal-black hair and dime-sized golden earrings, was a classic Oriental beauty.

Her "big brother" just couldn't see giving her a roly-poly blonde, blue-eyed doll. So the tiny girl and soldier went to a nearby Vietnamese shop and Khanh picked out a slender doll with long black hair and Eastern-style dress. What struck the child most about her look-alike doll was the golden crown around the neck. Most of the Ku Gia Vien families are Catholics.

Just the Beginning

All the 552nd military police hope that their Big Brother parties are just the beginning and that their outstretched arms to youth will encourage other American units to follow their example. The friendship project will go hand-in-hand with the assistance the American engineers, GI English teachers, civic action teams and neighboring Vietnamese people are offering of the "Fatherless" village.

"There are tons of kids just waiting to put on their Sunday best to spend one Saturday afternoon with an American GI," a soldier said. Pfc Holland arrived in Vietnam on Aug. 23 and was immediately assigned to the 552nd Military Police. "He hasn't mentioned this project," his mother said this week, "but his letters sound cheerful and optimistic."

Called Home Saturday

Mrs. Holland said the serviceman called home Saturday to wish his father happy birthday. "We were very surprised and although we could only talk three minutes the connection was excellent. It was a surprise and his father was very pleased he remembered his birthday," she added.

While a student at SIU-SW, he worked extensively in "Project Conquest," a university-sponsored program for underprivileged children in the East St. Louis ghetto.

Two Local Navy Men Return to San Diego

Two local servicemen have returned to San Diego aboard the high speed attack transport USS Diachenko. They are Boorman Thurn and Capt. Markovich, USN, 21, son of Mr. and Mrs. Frank G. Markovich of 1638 Third Street, Madison, Wis. The former Miss Dianna L. Machiel, 4708 Moresby drive, Torrance, Calif., and Machinist Mate Third class David C. Guess, USN, 22, son of Mr. and Mrs. Michael Guess, 1516 Cottage avenue.

While deployed in Asian waters, the Diachenko carried Underwater Demolition team personnel and conducted operations along the coast of South Vietnam.

Diachenko established a record by surveying more than 140,000 yards of amphibious landing sites and 1200 miles of adjacent hydrographic area during the seven month cruise.

Sgt. Wm. Landman with Unit Finding Enemy's Propaganda

When two companies of the 2nd Battalion, 22nd Infantry, of overheard cover recently airlifted into the jungles north and west of Tay Ninh, Vietnam, and struggled through thickets, thorns, and vines, they found two extensive enemy bunker complexes, several weapons and over 40 pounds of propaganda leaflets.

A member of Charlie Company, one of the two units airlifted into the area, is Sgt. William Landman, son of Mr. and Mrs. William Landman, 2633 Palmer avenue, a 12-year career Army man, who has served in Vietnam since July.

Company C, busy looking for rocket launching sites seven miles north of the Cambodian border, discovered about 30 bunkers, 15 intact and 15 more destroyed by a B-52 raid which took place prior to the troop airlift.

"We noticed one bunker that took a direct hit from a 1000-pound bomb," said Sgt. Landman. "We found one body at the bottom of the crater and a dozen more inside."

The local serviceman served two tours of duty in Germany and was an instructor for two years at Fort Lewis, Wash., before assignment in Vietnam. He attended Granite City high school.

Sgt. Landman is married to the former Miss Mary Ann Shane of Granite City. The couple has four children, Christy, 15, Diane, 14, William III, 12, and Kimberly, 11 years. Mrs. Landman and the children are residing in Westminster, Calif., while her husband is overseas.

A. O. Smith Corp. Earnings Up 39% For 3 Quarters

A. O. Smith Corp. today reported that earnings for the first nine months of 1968 rose 39% over 1967, as almost all segments of the company's operations showed improved performance for both the third quarter and the full nine months.

A. B. Smith, chairman and chief executive officer, said the nine months' earnings gain was achieved on a sales increase of 16%, compared with the same 1967 period. Third-quarter earnings were up 37%, while sales rose 12%.

Net earnings for the nine months of 1968 were \$8,015,000, or \$3.22 a share, on sales of \$20,437,000, against profits of \$5,763,000, or \$2.32 a share, on sales of \$24,346,000 in 1967. Profits for the quarter ended Sept. 30, were \$2,024,000, or 81 cents a share, on sales of \$3,798,000, compared with earnings of \$1,480,000, or 60 cents a share, on sales of \$7,474,000 in 1967.

The federal income tax surcharge reduced earnings in the third quarter by \$165,000, or seven cents per share, and for the nine months by \$841,000, or 34 cents a share.

"Substantial gains in sales and earnings continue to be made by our Meter Systems Division. All areas of that business are contributing to the impressive showing," Smith said.

Excellent performance levels were maintained by the company's water heating and hydronic heating equipment division, according to Smith. In addition, A. O. Smith's subsidiary, A. O. Smith Harvester Products Inc., continue to enjoy a better year.

Current fourth-quarter scheduling in the automotive industry is strong, and Smith, with a record year imminent for the truck segment, A. O. Smith is a major supplier of passenger car and truck frames.

Charles Hiller, 80, Dies at Highland

Charles W. Hiller, sr., 80, formerly of 128 (rear) Kinder street, Cahokia, was pronounced dead on arrival at St. Joseph Hospital, Highland, on Monday.

He was stricken at a nursing home at Edwardsville. Survivors include two sons, William Hiller of Granite City, Charles Hiller Jr., Long Beach, Calif.; one daughter, Mrs. Roscoe Dobbs, Murphysboro; a stepson, two stepdaughters; a sister, 24 grandchildren; 30 great-grandchildren; and three great-great-grandchildren.

Services were held this afternoon at Cahokia, and interment was at Valhalla Burial Park.

Price Sees Shift in Vietnam War Outlook

In an "annual report" to the public this week, Congressman Melvin Price of this district, the Illinois 24th, said a South Vietnamese general mobilization plan and U. S. efforts to equip South Vietnamese troops with "the most modern equipment" would enable American troops to be relieved in greater numbers.

Noting a possible North Vietnamese shift toward "greater political activity" for resolving the present war, the local Congressman quoted Ho Chi Minh, North Vietnamese leader, as proclaiming that "1968 is the year of decision."

The senior House Armed Services Committee member said the apparent shift may result from a conclusion by Hanoi that it cannot win militarily.

Hopes Paris Talks Progress He reviewed U. S. military policies in Vietnam and emphasized any change in the proportion of U. S. and South Vietnamese troops "does not replace peace. We must continue to look to the Paris talks as the means for a negotiated settlement."

Certainly, every consideration will be given to effecting a bombing halt if it will lead the way to a settlement. He said the second session of the 90th Congress, which adjourned on Monday, "forged ahead in several areas."

Despite a national mood of uncertainty stemming from Vietnam, urban crises and the state of the economy, Price said, Congress legislated "several significant victories for the American people."

He added that greater efforts should have been made to attract the private sector into active help to solve national problems.

57 Signatures On Treaty Price, senior Joint Atomic Energy committee member, commented briefly on the Nuclear Non-Proliferation Treaty during his analysis of foreign policy issues.

"Despite Vietnam and before the Soviet Union's blatant entry into Czechoslovakia, the U. S. and 56 other nations, including the Soviet Union, signed the treaty, a major step toward controlling the spread of nuclear weapons."

Of the urban crisis, the congressman reported, "Several solid gains were made." He cited the "far-reaching omnibus housing bill" and the omnibus crime bill and important components in meeting the urban dilemma.

The Housing Act "authorizes significant home ownership and rental opportunities for low-income families," Price explained. In addition, it provides for "federal reinsurance protection for private insurers in inner city areas." He believes the new law "will have tremendous impact on solving our housing, urban renewal and mass transportation problems."

In the anti-crime bill, Price pointed to the omnibus law and enforcement assistance law and

the juvenile delinquency control act as positive steps toward making "urban America better for everyone."

The new laws provide "substantial federal assistance to state and local authorities for developing sound law enforcement and juvenile delinquency control programs."

He also mentioned the new gun control and riot control laws as other examples of congressional activity in the crime prevention area.

Vocational Training In the "human resources" area, Price listed extension of the higher education assistance programs, the new vocational education law he co-sponsored, extension and refinement of manpower, training and vocational rehabilitation programs, and refunding of anti-poverty programs as further evidence of congressional concern with "our society's changing conditions."

The vocational education act "improves the prospects for developing a comprehensive vocational education facility in our area," the Illinois Democrat reported. It provides for 90% federal assistance in planning and construction of such institutions.

Broadening the national school lunch program to "feed the 4 1/2 million school children not now receiving adequate lunches" and extension of the food stamp program through legislation co-sponsored were terms by him as "tremendous uplifts for the needy and our nation's social conscience."

Recreational development efforts were bolstered, he reported, by enactment of legislation "permitting the utilization of government offshore lease revenues for recreation facilities."

He cited the Cahokia Community Park, the Frank Holten State Park and the Tri-Township Park at Troy as examples of such projects.

Progress in the health care field was strengthened through bills passed improving the "regional medical program and correcting the health manpower shortage."

Coordination of Tax Aid Price listed the Intergovernmental Cooperation Act passed late in the session as an "important step forward" in developing "better coordination and cooperation of federal grant-in-aid programs."

The legislation is designed to strengthen state and local government and improve federal-state-local relations, he said. On the state of the economy, the congressman mentioned the surtax and expenditure control act, repeal of the gold cover and creation of the special drawing right, a new international monetary unit, as illustrative of efforts to protect economic gains of the American people and to maintain the dollar's value.

However, he questioned the extent of the cut in federal spending, indicating it could be a serious blow to "crucial do-

domestic programs," and warned against "economic overkill."

Price said he is pleased that Congress "finally enacted" a trust-fund law, "a great victory for the consumer." Other consumer bills enacted into law which he listed as important were the poultry inspection program, pipeline safety act and creation of an automobile insurance commission.

The representative said veterans, railroad retirees, government employees and military personnel were voted or received increased benefits or pay to help meet the cost of living. Farmers were helped, he noted, by legislation designed to maintain farm income and stabilize prices.

Role in Ethics Code In his year-end summary, Price outlined some of his personal legislation that became law. One is the eight-point code of ethics for members and employees of the House of Representatives.

Extending Price's chairmanship of the Committee on Standards of Official Conduct which authorizes the code.

"It is my sincere hope that the code and the committee will help the American public to have the confidence it entrusts in its government," the chairman said.

Other Price bills enacted into law include:

1. Prohibition of age discrimination in employment.
2. Creation of national trails system, including the Lewis and Clark Trail originating at Wood River.
3. Survivor benefits for families of deceased law enforcement officers killed in the line of duty.
4. Extension of school lunch programs to community centers and day care facilities.
5. Extension of veterans' education benefits to widows of servicemen killed on active duty since World War II.
6. Extension of servicemen's re-employment rights.
7. Creation of joint congressional anti-crime committee.

Concluding the summary, Price commented briefly on federal public works activity in the 90th Congress.

Chain of Rocks Navigation Nearly \$13 million was voted for five district flood control and navigation projects.

These were the Kaskaskia navigation project, \$11,831,000; Cahokia Creek low water dam, \$49,000; Wood River interior flood control plan, \$29,000; Mississippi River regulating works, \$870,000; and the Chain of Rocks navigation project, \$121,000.

In addition, the Economic Development Administration approved a \$2 million grant and loan to the Macomb-Lebanon Summerfield Water Commission for development of a comprehensive water system for the three communities. "This should lead to rapid development of the outer county area and bolster its economy immensely," he predicted.

Sternbergs Meet Humphrey, Reagan on Optimist Tour

No political candidate will have a more intensified schedule to follow than that of Gene H. Sternberg in his travels as president of Optimist International. He began his journeys on Sept. 11 and will continue for a full year.

He and his wife, Ruth, recently returned from a western tour of speaking engagements in California, Oregon, Washington and Montana.

One of the interesting aspects of the trips, he said, is meeting well-known and famous people which was a highlight of the stop over in Sacramento. Mr. and Mrs. Sternberg with Gov. and Mrs. Wayne Evans and Charlie Phelps, a local Optimist and District Club building chairman, visited Gov. Ronald Reagan in his office at the Capitol.

In the office, decorated in a Spanish decor with massive furniture, they were greeted warmly and sincerely by Gov. Reagan, Sternberg said.

Impression of Reagan "Gov. Reagan is a very easy man to talk with and makes you feel at ease. He is also a very handsome and charming man, and although he was made up for a TV appearance which was to take place soon after visitors departed, he did not rush the interview."

Sternberg presented a plaque on behalf of the Optimist International to Gov. Reagan, and in return received the key to the city from the governor. As they were about to leave, Sternberg requested the Governor sign a copy of the play script for the Granite City Homecoming play in which his daughter, Nancy, a junior student, has one of the lead parts. He wrote a personal note to Miss Sternberg and signed his name.

The play is a satire on the political campaign, now of current interest.

Meeting with Humphrey The Sternberg party also was to have an audience with Vice President Hubert H. Humphrey, while in Portland, Ore. After clearing with security officers, who Mr. Sternberg noted do "a fantastic job of providing security for the presidential can-

didate," an evening appointment was made. In meeting Mr. Humphrey, Sternberg said he was especially surprised in the Vice President's stature which is much different than seen on television. "He is taller and much thinner than most people would realize. He also projects a better and stronger personality in person, and was very pleasant to talk with," Sternberg commented.

The local contractor repeated his request for an autograph of the play book for his daughter to Humphrey, who injecting a note of humor in the situation, laughed when he saw Gov. Reagan's name. "I had better sign beneath the governor's name," he said. Finally he was convinced to sign above, as he was informed he outranked the governor.

Commenting on these meetings, Sternberg said, "Being from the Midwest we were not biased enough to be unimpressed with meeting such notable personages. Consensus of the group is that the two meetings were very enjoyable and a memorable item to be retained for this year of travel."

Started in Nebraska This tour began in Omaha, Neb., where Sternberg participated in a state-wide "Respect for Law Day" which the state of Nebraska and Optimist Clubs go into partnership as part of the Optimist International program.

During the evening meeting, the Lt. Gov. John Everode attended to receive a plaque on behalf of the Optimist International presented by Sternberg. The plaque was in appreciation for state help to the Optimist clubs and their programs concerning law and order.

Attending the gathering, at which Sternberg was the featured speaker on "Respect For Law," were the "giants" in the law departments of the state and members of the judiciary. After the meeting a large group remained and held a general discussion on this problem now facing the nation. "The people, and especially the audience on this particular evening, were just fabulous," Sternberg noted.

Trip to Green Bay After a brief rest and few days at home, Sternberg and his wife resumed their travels going to Green Bay, Wis., on the next leg of the present tour. At Green Bay they attended a Green Bay Packers football game. In a city with a population of 75,000 to 80,000, more 55,000 fans were in the stands for the game. On the day of the game all traffic is channeled towards the stadium prior to the game and reversed following the game.

GOV. RONALD REAGAN OF CALIFORNIA giving an autograph to Mr. and Mrs. Gene Sternberg, in his office in Sacramento. The interview was included in the Optimist International President's tour of the western states, where he was a guest speaker at a number of Optimist meetings.

In the words of Sternberg, "The Green Bay squad is not just a football team, but an institution."

The night before the game, he spoke at the Wisconsin District of Optimist International on "Respect for Law and Setting a Proper Example for Young People." At the conclusion of this trip, the Optimist International president, began the far western tour which started in San Francisco, and included a tour of the fabulous city and it's not so fabulous hippy district.

See the Hippies Sternberg said that much to his amazement and disgust, the hippy section "was a sad display of the human race. It is difficult to understand what would lead young people to this kind of action." From San Francisco the group went by auto to Sacramento. Upon arrival in the capital city, Sternberg was guest of honor at a noon luncheon with district leaders of the

K-TAC Club to Attend Folk-Jazz Festival Plans to attend the "Olympic Folk-Jazz Festival" at Kiel Auditorium, St. Louis, tomorrow evening were completed by members of the Kirkpatrick Homes Teenage Club at its regular meeting Tuesday night in the recreation center.

J. M. Barnes, immediate past president, conducted the session, which included a report by Mrs. Rudazyle Kramer, club adviser, on a successful dance, sponsored by the teenagers group last weekend for 46 members and guests. Appreciation was expressed by the young people to adult chaperones, Mrs. Kitty Morris, Mrs. Marilyn Hill, Tom Gaines, Mrs. Dorothy Thomas and Mrs. Kramer, who assisted at the affair.

The teenagers also discussed performing at Christmas play for children residing in the housing project, and agreed to lower the membership age limit from 15 to 13 years. Maximum age of members is 19 years.

Protestant Welfare Studies Need for Social Worker

The October meeting of the Protestant Welfare Association was held Tuesday evening at Tri-City Park Tabernacle. Orville Ganz, president, was in charge and a committee was appointed to investigate the need for a social worker in the organization.

Those named were Miss Virginia Segar, Rev. Paul Surbey, Rev. James R. Craddock, William Jeffers, Henry Ganit and William Jeffers. Also appointed was a nominating committee composed of Earl West, Paul Simon and Mrs. Bethel Davis.

Mrs. Irma Taylor read the treasurer report, and Mrs. Marie Whittle, office secretary,

gave her report. During September there were 34 aid cases. These included 12 new, six recurrent and 16 incidental cases. Referrals were made by citizens, ministers, relief offices, Co-ordinated Youth and Community Services and AFL-CIO Councilors. Twenty orders were issued with relief distributed as follows: Food, \$230; miscellaneous, \$21; utilities, \$30; medical, \$8; and new shoes and clothing, \$78, for a total of \$358. In addition orders were filled from the store room estimated at \$163.

PROCLAMATION

WHEREAS, working women constitute 26 million of the Nation's working force, and are constantly striving to serve their communities, their states and their nation in civic and cultural programs, and

WHEREAS, major goals of business and professional women are to help create better conditions for business women through the study of social, educational, economic and political problems, to help them to be of greater service to their community; to further friendship with women throughout the world; and

WHEREAS, all of us are proud of their leadership in these many fields of endeavor. NOW, THEREFORE, We, the mayors of the Quad-Cities, do hereby proclaim Oct. 20-26, 1968 as "National Business Women's Week," sponsored by the National Federation of Business and Professional Women's Clubs, Inc., and at Quad-Cities, all civic and fraternal groups, all educational associations and other community organizations to join in this salute to working women by encouraging and promoting the celebration of the achievements of all business and professional women as they contribute daily to our economic, civic and cultural purposes.

DONALD PARTNEY, Mayor, Granite City
STEPHEN A. MAERAS, Mayor, Madison
DR. JOHN E. LEE, Mayor, Venice

The advantage gained by taking advantage of a sale is always backfired sooner or later.

SIGNING PROCLAMATION for Business and Professional Women's Week. Left to right are Mrs. Mary Batson, club president; Mayor Donald Partney, and Mrs. Catherine Michel, chairman of Business Women's Week, Oct. 20-26.

Adult Trial Dance Night Planned at 'Y' Oct. 22

A free dance demonstration will be presented by the Tri-City Area YMCA as a trial night for adults who may wish to enroll in the third annual Fall Ballroom Dance Classes, it was announced today by Miss Kay Jones, "Y" dance instructor.

The trial night will take place at the YMCA, 2001 Edison avenue, at 8 p.m. next Tuesday.

The nine-week class session will begin on Oct. 29 with the beginners at 7:30 p.m. and the

intermediates at 8:45 p.m.

Mrs. Jones said, "The purpose of the demonstration and trial night is twofold: to encourage adults who may be hesitant about learning to dance and to help those who have danced some see how much more fun they can have by learning new steps."

Cost of the lessons will be \$13.50 for "Y" members and \$15.75 for non-members. Registrations are now being accepted at the YMCA, 876-7200.

Faces Two Charges

Two charges were placed against Claude Griffin, 636 Broadway, who was arrested at 1:35 a.m. today by Venice police at Robin and Brown streets, transportation of liquor and a curfew violation. A passenger in his car, a St. Louis juvenile boy, also was charged with a curfew violation. Police said there was a bottle of wine in the auto.

Speeding Charge
Robert Mayes, 3630 Franklin avenue, was issued an arrest ticket Wednesday afternoon on Pontoon road and Rode avenue on a charge of speeding.

SOCIETY

Newlyweds Are Visiting Here

Mr. and Mrs. Daniel W. Pinton, who were married at the Chapel of the Cross Lutheran Church in St. Louis, have returned from a honeymoon in the Missouri Ozarks and are with the bride's mother, Mrs. Theodore Strebler, in St. Louis before leaving for their home in Somerville, Mass.

The bride is the former Lois Medlin of Granite City. Her father is Lee Medlin of Sacramento, Calif.

The Saturday evening ceremony was followed by reception at Lewis and Clark restaurant, East Alton.

For her wedding, the bride wore a gown of white velvet with lace trim made by her mother, an illusion veil and carried a bouquet of white and blue mums and stephanotis. She was given in marriage by her stepfather.

Attendees were Miss Frances Alessandrelli, maid of honor, Gerald Medlin, the bride's brother, best man, and a nephew, Daniel Medlin, ring bearer. Miss Alessandrelli was in royal blue peau de soie and beige lace. Her flowers were bronze and yellow mums.

The bridegroom's parents are Mr. and Mrs. John Pinton of Seattle, Wash. He was graduated from Hyde Park high school in Boston and served three years in the Army, a part of the time in Germany. The former Miss Medlin was graduated from Granite City high school and received her degree from Valparaiso University last June. She is employed as a medical social worker at Jewish Memorial Hospital in Roxbury, Mass.

Troop 330 to Mark Birthday

Junior Girl Scout Troop 330, sponsored by the Niedringhaus FTA, met for a weekly session at the school Monday afternoon with the leader, Mrs. Mary Fryntko. The Red Hot patrol opened the meeting with a flag ceremony, with Linda Thompson as caller and Robin Stanton as flagbearer.

The troop repeated the pledge and scout promise. During a badge workshop, several of the girls completed requirements of the hospitality and troop camper badges.

Plans were made for the troop birthday party Nov. 4. Each patrol will be assigned a task for the program. Year pins will be awarded at that time.

A discussion was held on annual calendar sales, and Mrs. Fryntko collected "Dimes for Daisy." The story of Juliette Low was read and the leader explained how contributions are used to aid all level of scouting.

Games were played and two new dances, "Hey, Little Luscie" and "Sandyland," were taught. The meeting closed with retiring of the colors and singing of "Taps" while in a friendship ring.

In attendance were Linda Alexander, Cynthia Allison, Barbara Baumberger, Sue Ann Culp, Annastasia Elleff, Debbie Elmore, Magdalene Fryntko, Nancy Greer, Robin Haynes, Roxanne Jackovich, Linda Kulenkamp, Kathy Lawson, Becky McCommis, Mary Jo Osburne, Terrilyn Randall, Carol Smith, Kathy Stacy, Susan Thompson, Dawn Todd, Paula Tucker, Elaine Williams and a guest, Michael Fryntko.

Vleck-Greathouse Engagement

Being announced is the engagement of Miss Ellie Mae Greathouse, a daughter of Mr. and Mrs. David Greathouse, 1922 Benton street, and Donald L. Vleck, 2145a Benton street, a son of Mrs. Dorothy Vleck, 108 Troy road, Collinsville, and the late Charles Vleck.

The bride-to-be attended local schools. Mr. Vleck, a former student at Granite City high school, is employed as a Tri-city Grocery clerk. The wedding date is set for Nov. 23.

CLUB MAKES CHRISTMAS PLANS

The Dizzie Dozen pinocchio club met Monday evening with Mrs. Mary Tucker.

Prizes were won by Mrs. Betty Rutkowski, Mrs. Loretta Coleman and Mrs. Dorothy Kowalk. Others present were Mrs. Cecelia Cruse and Mrs. Beulah Smith, guests, and Mrs. Mary Murgie, Mrs. Rhea Grove, Mrs. Golda Coleman, Mrs. Evelyn Ferro, Mrs. Mary Merz and Mrs. Marian Lipscomb of the club.

Lunch was served and plans were made for a Christmas party Dec. 4 when secret pal gifts will be exchanged. The next regular meeting will be held Nov. 18 with Mrs. Agnes Roderick as hostess.

Nurses' Alumnae Elects Officers

The newly-elected officers of St. Elizabeth Hospital Nurses' Alumnae Association were installed Tuesday evening at a dinner meeting at the Rose Bowl. The ceremony was conducted by the retiring president, Mrs. Bernadine Cooley.

The new staff includes Sister Marce, president; Mrs. Martha Bischoff, vice-president; Mrs. Bernadine Lombardi, secretary; Mrs. Margaret Hilker, recording secretary, and Mrs. Georgia Harlow, treasurer.

The meeting opened with prayer by Sister Marce, and reports were given by retiring officers.

Cheer cards were sent to two members who are hospitalized, Sister Mary Paul in St. Elizabeth, and Mrs. Evelyn Buehner in Deaconess Hospital, St. Louis.

Others attending Tuesday's meeting were Sister Mary Michael, Mrs. Pat Tapp, Mrs. Helen Buehner, Mrs. Blanche Blake, Miss Mary Sautis, Mrs. Josephine Czervinski, Miss Marguerite Pechte, Mrs. Marita Daniels, Mrs. Catherine Deloyle, Mrs. Bernice Gushleff, Mrs. Clara Krause, Mrs. Maxine Carson, Mrs. Jeanne Lucido, Mrs. Ruth Novich and Miss Ann Klarich.

100 at Senior Citizens Dinner

Nearly 100 members and guests attended the Anchorage Senior Citizens pot luck dinner Wednesday in the recreation hall of the project.

Entertainment consisted of games after the meal, and prizes were won by Mr. and Mrs. John Frangoulis, Mrs. Althea Motts, Mrs. Clara Seim, Mrs. Stella Arnold, Mrs. Helen Ostic, Mrs. Ella Parker, Mrs. Freda Flaxbeard, Mrs. Hedwig Lietz and Mrs. Myrtle Belir.

A number of coming events were announced, including a birthday party Oct. 25, a party by the Business and Professional Women's Club on Oct. 25 at 7:30 p.m. at the Anchorage hall, and entertainment by the Salvation Army on Oct. 28.

Miss Whistler Is Engaged

Mr. and Mrs. Kenneth Burcham, 3019 Myrtle avenue, are announcing the engagement of their daughter, Miss Linda Sue Whistler, to Earl J. High, 2059 Cleveland blvd., a son of Mr. and Mrs. Earl High of Indianapolis, Ill.

The news was disclosed at a dinner party given by the bride-elect's parents.

Miss Whistler, a 1967 graduate of Granite City high school, is employed at the Army Depot. Her fiancé was graduated from the Jamaica high school in Indiana. He was just released from the U.S. Army after a six-year tour of duty.

ENGAGED. Miss Linda Sue Whistler, daughter of Mr. and Mrs. Kenneth Burcham, 3019 Myrtle avenue, are announcing her betrothal to Earl J. High, a son of Mr. and Mrs. Earl High, Indianapolis, Ill.

B&PW STYLE SHOW MODELS. Left to right, Mrs. Evelyn Boger, co-chairman; Mrs. Donna Watson, Mrs. Mary Brackett, models; Irwin Strauss, manager of The Leader Dept. store furnishing the fashions; Mrs. Helen Stegelmeyer, and Mrs. Marilyn Whitworth, models.

B&PW Club's Fashion Show

To be Sunday at Elks Lodge

The annual Fashion Show of the Business and Professional Women's Club will be held Sunday at 1:30 p.m. at the Elks' Lodge.

Mrs. Dorothy Nenninger, general chairman of the show this year, and Mrs. Evelyn Boger, co-chairman, have announced an entertaining program in connection with the event. There will also be prizes and refreshments.

Fashions will be from The Leader Department store, and hair styles by Cut and Curl Beauty Salon. Mrs. Boger is in charge of fashions, with Mrs. Lillian Delp as commentator. Mrs. Margaret Barzoff, proprietor of Cut and Curl, will be commentator on hair styles.

Models will be Betty Steele, Dolores Mott, Shirley Gardner, Barbara Budde, Virginia Simms, Carolyn Farrell, Emylee Alford, Patti Bax, Verna Lengyel, Evelyn Hanes, Donna Watson, Mary Brackett, Helen Stegelmeyer and Marilyn Whitworth.

Tickets will be \$1. They may be purchased at the door or from any of the club members.

Spook Carnival

By Webster PTA

The Webster school PTA completed plans for its "spook carnival" tomorrow evening during a monthly meeting Monday night conducted by the vice-president, Mrs. Mae Lee.

Webelos of Cub Pack 20, led by William Hall, posted the colors and Principal Clyde Lee offered the PTA prayer. After a room count, Miss Dorothy Von Gruening's first grade class won a banner for the largest percentage of parents present.

Mrs. Jane Hell, secretary, read minutes and Mrs. Lee announced that the president, Jack Graham, has submitted his resignation due to other commitments.

Committee leaders for the coming year were introduced. They were Mrs. Alene Moore, room mother representative; Mrs. Shirley Tervasi, membership; Mrs. Betty Woodruff and Mrs. Frances Holm, hospitality; Mrs. Eva Arbogast and Don Seitzer, budget and finance; Mrs. Varmen Grier, publicity; Lee, legislation; Mrs. Margaret Amisch, health and safety; Mrs. Jo Ross, historian; Mrs. Paula DePew and Mrs. Mary Barnhart, U. S. saving stamps; Eugene Miller, boy scout representative; and Mrs. Lee, girl scout organizer.

A report on the annual spook carnival was given by Mrs. Moore. The carnival will be held Friday evening, with ten attractions: bake sale, home-made candy, cake walk, grab bag, fish pond, country store, clown, Mr. Spook, dancing in the gym and a fish fry in the kitchen.

Service for carryout orders will be from 5 p.m. to 6 p.m. Tickets are now being sold at two places for \$1. Dessert and drinks will be extra.

Mrs. Lee announced that the next PTA meeting will be Nov. 12 because of the holiday Nov. 11. An open house will be conducted, followed by a short PTA business session.

Lee introduced the guest speaker, Robert Glazier, who showed a film program for children, "Gospel According to Peanut", "Mr. Rogers' Neighborhood" and "Our Land", a tour of the 50 states.

Refreshments were served in the cafeteria by kindergarten room mothers.

Marshall Parents Study Bond Issue

Marshall school held its first 1968-69 PTA meeting Tuesday night, with all seats filled and some parents standing. Mrs. Marilyn Smith, president, presided.

"Vision Is Not Seeing" was the topic of the guest speakers, Dr. Stanley F. Maer and Dr. R. E. Schmidt. A film was shown, with a question period following.

Dale Rea, assistant to the superintendent of schools, spoke on the school bond issue to be voted on Dec. 7. He stressed the increase in school enrollment in the past 15 years.

A television set purchased by the PTA last year was on display. Miss Mary Hopkins gave a short talk on the television set and use of educational TV Channel Nine.

Miss Jean Wirt, safety chairman, requested that rain-coats and hoods be purchased for safety patrols. The PTA approved the request, and the rainwear will be purchased next week.

It was voted that the project for the year will be to purchase another TV set and as many roll-about fans for the classrooms as possible.

Girl Scout Troop 709, under the leadership of Mrs. Vivian Davis, presented a flag pledge ceremony. Mrs. Davis offered the PTA prayer.

Plans were made for an open house Nov. 13 from 7 to 8 p.m. Mrs. Ann Osborn and Mrs. Pat Patterson of the hospitality committee decorated each table with either a jack-o'-lantern or black cat with orange and black streamers. They had arranged various Halloween decorations on the refreshment room windows, and Halloween candy was placed at each table.

Refreshments were furnished by the PTA executive board. Next meeting will be Dec. 17.

MR. AND MRS. RICHARD D. GREENHILL. Their wedding took place Saturday at First Baptist Church in Washington Park, Ill. She is the former Violet Kaye Nickell, a daughter of Mr. and Mrs. Samuel T. Nickell, 2571 East 27th street.

PROGRESSIVE CLASS MEETS

The Progressive Class of Second Baptist Church met Monday evening in the home of Mrs. Maude Beedie, 2807 East 25th street.

The meeting opened with the class song and prayer by Mrs. Florence Paul. Mrs. Alene Reagan, president, was in charge and Mrs. Naomi Rongey gave the devotion. Mrs. Winnie Tucker read the 100th Psalm.

All of the group captains were present and after the business session the class spent the time making dirty bags for overseas servicemen.

Refreshments were served after the closing prayer. Others present were Mrs. Mae Charlton and Mrs. Riller Cochran, guests, and Mesdames Iva Biggs, Nina Duggan, Viola Springfield, Rachael Westphal, Golda Smith, Mabel Mercer and Tillie Naller.

LOGAN PTA WILL HEAR

Miss Jean Wirt, safety chairman, requested that rain-coats and hoods be purchased for safety patrols. The PTA approved the request, and the rainwear will be purchased next week.

It was voted that the project for the year will be to purchase another TV set and as many roll-about fans for the classrooms as possible.

Girl Scout Troop 709, under the leadership of Mrs. Vivian Davis, presented a flag pledge ceremony.

Wilkins to Speak Here on Con-Con

George T. Wilkins sr., faculty member at Southern Illinois University-Southwestern campus, will address the southwestern division meeting of the Illinois Association of School Boards next Thursday.

Meeting with the group at the Granite City high school will be school administrators. Wilkins' topic will be "Con-Con," the proposed constitutional convention for the state of Illinois.

The SIU-SW faculty member is county chairman for the proposal and serves on a state bipartisan committee.

Wilkins, who resides here, is a former state superintendent of public instruction.

III. NAACP Convention Starts Friday in Area

Nathaniel Willis, professor of education at Chicago City College and Chicago State College, will be the keynote speaker at the annual state convention of the National Association for Advancement of Colored People to be held tomorrow through Sunday at the Holiday Inn, East St. Louis.

More than 500 delegates expected to participate in the three-day convention will hear addresses by several outstanding persons, including Attorney Margaret Bush Wilson, acting director of the Model Cities Agency.

Informative workshops are to be conducted in such topics as "Education and Black Survival," "Impact of Politics on Employment," and "Housing," according to Hugh B. Hairston of Venice, chairman of the Illinois Fighting Funds for Freedom, an NAACP program.

Hairston is scheduled to address the convention in connection with the state-wide Freedom Fund Appeal.

Dr. Fred Crockett, a Danville physician and Illinois NAACP president, will preside, Hairston said.

First License Plates For '69 Now in Mails

The first group of 1969 motor vehicles license plates is now in the mail, Secretary of State Paul Powell announced Tuesday at Springfield.

In general, plates will be mailed in numerical and alphabetical sequence, but all re-assigned numbers and numbers assigned in response to requests, regardless of their letter and digit combinations, will be in the mail between Nov. 1 and Dec. 1.

The law prohibits display of the plates before Dec. 1. A warning to this effect is printed on the plate envelope, Powell said.

Use of automated equipment, which made possible the pre-printed applications mailed to all passenger car owners for the first time this year, has contributed substantially to this faster service to motorists, it was explained.

At present, close to a million applications have been received, almost double the amount received at the same time a year ago.

Glenn F. Ashoff is Great Lakes Graduate

Seaman Apprentice Glenn F. Ashoff, USN, 20, son of Mr. and Mrs. Floyd Ashoff of 4161 East Lake drive, has been graduated from nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill.

During his training he studied military subjects, seamanship, as well as survival techniques, military drill and other subjects, under the direction of veteran Navy petty officers.

Noisy Auto Charge

Jackie Mitchell, 1723 State street, was issued an arrest ticket Wednesday at 18th street and Dlmair avenue on a charge of making excessive noise with a 1955 auto.

Maxwell House Announces Freeze-Dried Coffee

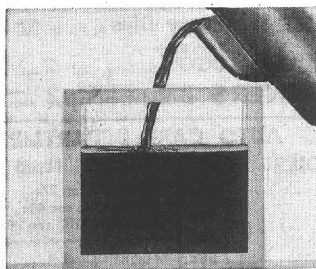

Now, an entirely new process called freeze-drying actually makes it possible for you to brew real percolated coffee...*without a percolator!*

Maxim® is an entirely new form of coffee.

Maxim is crystals of real percolated coffee. Concentrated crystals with the power to turn every cup in your house into a percolator!

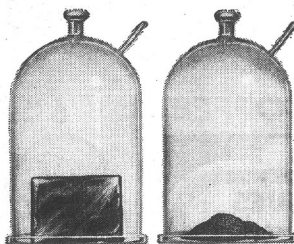

Maxim is an amazing breakthrough in coffee-making. It is entirely different from any instant coffee. It is entirely different from any ground coffee. Maxim is, in fact, concentrated crystals of real percolated coffee.

Maxim's secret—freeze-drying—is the result of years of coffee research at Maxwell House. A way has been discovered to transform actual pot-brewed coffee into concentrated crystals. Here's how it is done.

Freshly percolated coffee is poured into freezing containers.

Maxim begins with pots and pots of dark, strong, percolated coffee. This freshly brewed coffee is poured into special freezing containers. Here it is flash-frozen at the peak of perfection, when coffee flavor and aroma are at their best-time best.

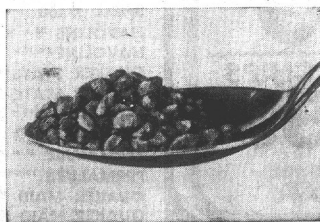

Vacuum chamber turns block of frozen coffee into crystals.

After the coffee has been frozen, the ice is drawn off—not by heat which destroys flavor—but by an amazing new vacuum process. It spirits the ice away without losing any of the honest flavor and body of freshly-percolated coffee.

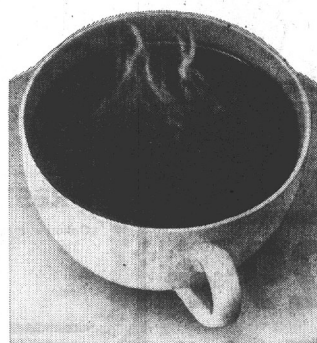

Freeze-Dried crystals that need no refrigeration!

This "ice removal" leaves concentrated crystals of real percolated coffee. And that's exactly what Maxim freeze-dried coffee is—fresh-brewed coffee without the water. These waterless crystals stay fresh until you're ready to use them. They need absolutely no refrigeration and can be kept right in your kitchen cupboard.

Different from any other form of coffee.

You can tell at once that Maxim is unlike any other coffee you have ever used. Take a spoonful, and you see golden brown crystals that actually sparkle. Smell them, and you smell the rich, roasted aroma of freshly percolated coffee.

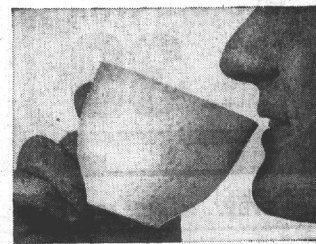

Turns your cup into a percolator!

The real miracle happens in your cup. The moment you add hot water Maxim's concentrated crystals explode into real percolated coffee. Maxim actually turns every cup in your house into a percolator! No pots. No grounds. No instant taste!

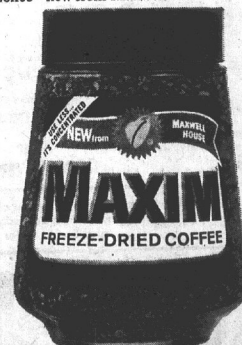

Important—you need less per cup!

Because Maxim's crystals are concentrated, you use less per cup than you do with any other form of coffee. For each cup, just use a level teaspoon (more or less to taste). You'll find it's surprisingly thrifty to use Maxim!

Discover Maxim—America's first Freeze-Dried coffee.

Get Maxim soon. Try it and see if you can detect a difference between Maxim and the good coffee you've been brewing in your percolator! You'll get the surprise of your coffee-loving life! Discover Maxim—America's first Freeze-Dried coffee—new from Maxwell House.

One 4-oz. jar of Maxim makes as many cups as one pound of ground coffee.

EIU Offers Program For Prep Musicians

Eastern Illinois University, Charleston, will offer its annual music program for outstanding high school musicians, beginning Oct. 26, according to Roderick E. Key, former Granite City, co-ordinator of the program in Eastern's School of Music.

The program, featuring public school and university musicians as teachers, clinicians and directors, is entitled "A Saturday Center for High School Musicians" and will include experiences in chorus, concert band and stage band, according to Key.

All high school students, regardless of class, are eligible for the program upon application. The program will be conducted from 9 a.m. to noon on about 15 Saturdays during the 1968-69 academic year.

Applications may be obtained by writing Key at the university. A \$10 tuition fee for the 15 meetings will be charged.

OFFICERS OF INTERNATIONAL "Y" MEN'S CLUB of Madison. They are left to right (at table)—J. Allen Gardner; Vernell Jackson, temporary chairman, explaining the goals of the club; John Saddler, secretary-treasurer and Willie Walker. The organization is a YMCA affiliated service club.

Announcing Birth Of First Child

Mr. and Mrs. Bill Rotter, 2134 Johnson road, are announcing the birth of their first child, a boy, who was born on Sunday at De Paul Hospital, St. Louis.

John and Mrs. Rotter have selected the name of Michael William for the child who weighed nine pounds, two ounces.

Grandparents are Mr. and Mrs. Ralph Rotter and Mr. and Mrs. Louis Touse, all of Granite City. Great-grandparents are Mr. and Mrs. Frank Umbhine, also of Granite City, and Mrs. Kathryn Arnold of Collinsville.

International 'Y' Men's Club Formed

Vernell Jackson of 1213 Douglas street, has been elected temporary chairman of the newly formed International YMCA Men's Club of Madison.

John Saddler is the temporary secretary-treasurer of the YMCA affiliate service club. There are now 18 men on the charter list and Jackson is confident of a total of 40 members by Dec. 3 which has been set as the Charter banquet night.

After the club is chartered they will be part of a worldwide movement involving more than 600 clubs in 50 countries. International headquarters of the organization is in Oak Brook, Ill.

Club meetings will be held every Tuesday, at 7:30 p.m. in the recreation room of the Friendship Baptist Church, 301 Mercedia street. The club's current service project is providing leadership for the Tri-City Area YMCA high school youth program which is serving over 100 youth in the community.

2 Demo Officials Urge Vote For Republican as Governor

Mayor Richard J. Daley of Chicago has clamped a dictatorial thumb on northern Illinois and will extend dictation to downstate residents if Governor Samuel Shapiro wins on Nov. 5, State Senator James P. Loukas charged here Monday.

A Democrat who was Gov. Otto Kerner's floor leader on revenue and fiscal matters, Loukas is backing Republican Richard B. Ogilvie for governor. He campaigned here this week with James E. Wells, Illinois Young Democrats vice-president, and with Madison county Republican candidates.

"Daley wants puppets rather than Democrats who use their own philosophy and reasoning," Loukas charged.

As an example, he cited "idiot sheets" which he said are distributed weekly to legislators to advise them of how the Chicago Democratic organization wants them to vote on pending bills.

"Concentration of Power" Describing himself as "an intensely loyal Democrat," the senator said he endorsed Ogilvie because he is convinced that Gov. Shapiro would "surrender all of the great power vested in the governor to Mayor Daley to do with as he pleases without any responsibility to anyone."

He assailed the "high concentration of power arrogantly displayed" by the mayor, who unsuccessfully backed a rival senate candidate against Loukas in 1966.

Loukas told the Press-Record, "The way he treated delegates and speakers at the Democratic national convention is the way he treats Congressmen and other high officials in Chicago. Now he wants to have all state decisions made according to his wishes."

He cited four vetoes by Gov. Shapiro after the July 1968 legislative session, blocking bills which he said Mayor Daley opposed. They involved "taking Cook County Hospital out of politics; consolidation of Chicago's Bridewell Prison with the Cook county jail, a sanitary district annexation and elimination of tax foreclosure conflicts of interest."

Being Nice Not Enough "Gov. Shapiro is a nice guy and knows state government, but this isn't enough under the circumstances," Loukas said. The senator, a former five-term state representative, said the issue of Gov. Shapiro being from downstate, Kankakee, and running against a Chicagoan is not what it seems.

"The governor is no downstate candidate," he said, asserting that in 1959 Gov. Shapiro earned his 1960 slating as lieutenant governor by supporting Mayor Daley's choice, a Chicagoan, for House speaker against a downstate resident.

Loukas displayed a long list of Democrats said to be dissenting from their party this summer and fall due to the factors he cited.

Linda on Young Demos Wells said Daley hand-picked the state candidates, systematically excluded Young Democrats from representation at the national convention, and appointed all but 48 of the 118 Illinois delegates, compared to selection of 83% of the Republican delegates by Illinois GOP voters.

He attributed to Mayor Daley a rule under which Illinois Young Democrats are prevented from supporting any candidates in a primary election under penalty of losing their charter.

Wells concluded by charging that Gov. Shapiro has repeatedly shown that his loyalty is to Mayor Daley rather than the public.

Report on Lewis-Clark Trail to Feature Meet

An explanation of the purpose and accomplishments of the Illinois Lewis and Clark Committee and presentation of a movie on the Lewis and Clark Trail in Montana will feature the annual fall meeting of the Madison County Historical Society at the Lewis and Clark Restaurant in East Alton Sunday.

The meeting, which will be open to the public, will start at 2 p.m. The program will open with a call to order by Robert C. Lange, first vice-president of the society, and invocation by Rev. William E. Ekelesen, assistant pastor of St. Bernard's church, Wood River, Wood River VFW Post 2859 headed by Commander Theodore E. Osland, will present the colors, followed by the address of welcome by J. M. Delaney, director of the Lewis and Clark Society of America.

The response will be given by Mrs. Matland Timmermiere, director of the Madison County Historical Society. Vocal selections will be presented by Miss Alice Gentry, followed by the discussion of purposes and accomplishments of the committee and the Montana movie.

The meeting will close with a report of the nominating committee by Thomas Harris, Fosterburg, a member of the board of directors. The terms of five of the 15-member board of directors expire this year.

Gasoline Siphoned

About 17 gallons of gasoline was siphoned from the tank of a 1965 auto owned by Ivon Pomeroy, 2021 Manley avenue, while it was parked at his home during the night, he reported at 9:35 a.m. Tuesday. The gas cap was stolen.

Births in County Show Hike of 87 for Month

Births in Madison county during September totaled 365, an increase of 87 over the total for the same month last year, according to a report of vital statistics compiled by the office of Miss Eulalia Hotz, county clerk. Included were 192 males, up 62, and 173 females, an increase of 35. Seven sets of twins were born during the month, while there were none the previous year.

The number of marriages declined by 15 during September, from 234 to 219, while the number of deaths showed a drop of seven, from 160 to 153.

Women of the Moose to Observe 50th Anniversary

A three-day weekend of activities starting this week will mark the 50th anniversary of the Women of the Moose, and is to be dedicated to the charter members and graduate regents with a special tribute to Katherine Smith, Grand Chancellor Emerita of Mooseheart, Ill. Senior Regent Mrs. Edith Rodgers said today the planned activities will all take place at the Moose Lodge, 19th and Adams streets and will include a fish fry on Friday evening, a party for children on Saturday from 2 to 4 p.m. with prizes to be awarded during an afternoon of games and refreshments. The main event will be the anniversary dinner-dance on Saturday at 6:30 p.m., with special entertainment, and a surprise show.

Tea for Student Nurses
Concluding the activities will be the annual Nurse's Tea which the organization has been sponsoring in nurses training in attendance.

Those to be honored are Miss Judith Chastain, a graduate of Jewish Hospital in St. Louis, who is now employed there as an instructor; Miss Marsha Walker, who also was graduated from Jewish Hospital and is now employed at St. Elizabeth Hospital, here; and Miss Nancy Wallich is presently being trained at Jewish Hospital. During the years the organization has sponsored over 25 girls in the nurses training programs. The Granite City Chapter 247, Women of the Moose, was instituted Nov. 18, 1918, with 25 members and the first Senior Regent was Hannah Ludwig, now deceased.

Meetings were first held in the basement of Skotty Thompson's Jewelry store on Delmar avenue at 19th street and later in the building bought by the Local Order of Moose and given the name, Women of Mooseheart Legion. Charters were granted and the units were named Chapters. The name of the organization was changed in 1933 to its present title, Women of the Moose.

Mental Health Aid is Explained

"Mental Health and You" was the topic of the program presented by Jerry Stater, secretary of the Mental Health Clinic, at Tuesday's luncheon meeting of the Rotary Club at the YMCA. He was introduced by Harold V. Thomas, program chairman.

Stater, a graduate of Southern Illinois University and St. Louis University, has been associated with the Mental Health Clinic in Alton, Granite City and the Alton State Hospital.

In his talk he told the 50 members that one person out of every 10 is in need of some type of mental assistance during lifetime. The degree of illness usually depends on the type of social life or employment and the stress involved.

A large number of people deny they need help and usually blame another person for causing their mental troubles. There are still those who think mental illness is hereditary and others disclaim this theory. In any event, most illnesses can be helped and usually without the person being hospitalized, when treatment is started early, the speaker said.

Warren Decatur, president, announced the reservations for the luncheon on Oct. 22, to be held jointly with the Madison Rotary Club, must be in no later than Saturday. Ray Ruffer is taking the reservations and Cong. Melvin Price will be the featured speaker.

Harold Baumann submitted a report on the Modern Living Show stating the net profit is \$380. There has been many requests from participants to hold a similar show next year, and Decatur has appointed a project committee to review this possibility.

Tentative plans were made for a chili day to be held on Dec. 2 with Marvin Van Metre named as chairman. Proceeds will be used for the youth activities and the scholarship fund.

2 Ballot Questions Likely On School Bonds, Tax Rate

Two ballot questions currently are being considered for presentation to voters in the special election to be held from noon to 7 p.m. Dec. 7 in the Granite City school district.

School board action on the ballot form and other details of the referendum is scheduled for a board meeting at 7:30 p.m. Oct. 30.

It was noted at a board meeting Monday night that the "A" proposal may be worded as follows:

"Shall the board of education of Community Unit School District No. 9 build a new elementary school in the northwest part of the district adjacent to the Norwood subdivision on Old Alton road;

Joint Route 203 Campus "Acquire the land and construct a new elementary school and junior high school north of Maryville road between its intersections with Route 203 and Morrison road;

"Add to existing physical education facilities at the Community Senior High School;

"Add four rooms and two office areas at the Coolidge junior high school;

"And to pay the cost thereof issue bonds of said district in the amount of \$4,750,000, said bonds to mature in 20 years and to bear interest rates at a rate not to exceed 5% per annum?"

An "X" for "Yes" or "No" would decide the entire bond and construction plan.

The "B" proposition may read as follows:

\$2.55 Education Rate "Shall the present maximum annual tax rate for educational purposes of 2.15% upon the full fair cash value of taxable property of the Community Unit School District No. 9, Madison county, Ill., as equalized or assessed by the Department of Revenue be increased to a maximum of 2.55% on such taxable property?"

The resolution under consideration at present lists \$978,000 each as the price of the grade schools, \$2,453,500 for construction of the junior high school and \$103,000 for acquisition of the Maryville road-Route 203 land.

Other costs which have been discussed by school officials are \$308,200 for construction work on the GCIS-Coolidge campus and \$55,000 for sanitation disposal facilities.

The Old Alton road site is 12 acres and the Maryville road-Route 203 property totals 65 acres.

General Obligation Bonds Unused bonding power of the district currently amounts to \$5,748,687. The bonds that would be issued are general obligation bonds.

Formal notice of the election is to be given to voters at least ten days in advance of the referendum.

Concert for Children Saturday at SIU-SW

A concert featuring music for children will be given by Southern Illinois University's Chamber Orchestra Saturday at 10 a.m. in the Communications Building theater at the Southwestern campus.

According to Prof. John Kendall, director of the orchestra, the program is part of a day-long string festival which the University's music faculty is holding for the Belleville Youth Orchestra, directed by George Tuerck.

The program will include Prokofiev's "Peter and the Wolf," narrated by Prof. Dale Moore of the SIU music faculty, a selection by the Lincoln String Quartet, and a third number in which the SIU Chamber Orchestra and the Belleville Youth Orchestra will combine their talents. Admission is free and the public is invited to the concert.

A first by the SIU-SW Chamber Orchestra, Kendall said, "It will be a delightful program for the children."

Voting is to take place at 15 elementary schools—McKinley, Lake, Washington, new Logan, Emerson, Webster, Marshall, Niedringhaus, Froehel, Maryville, Wilson, Nameoki, Parkview, Mitchell and Stallings.

\$648,685 From 40-Cent Hike

It is estimated that under the present maximum education fund tax rate of \$2.15 per \$100 assessed valuation, taxes total \$4,561,740.

At \$2.55, they would reach \$5,410,435 based on the district-wide assessment of \$212,173,946.

Voters are to sign an affidavit giving name and address, a statement that the voter resides within the school district and is registered to vote in general elections from his residence in the district, and a statement that the person desiring to vote is a qualified voter of the school district.

Each must vote at the polling place designated for the area in which he resides.

Residence Requirements

It is necessary to be 21 years of age or older and to have resided in Illinois for a year, Madison county for 90 days and the school district for 30 days prior to Dec. 7.

A specimen ballot and a map of the precincts and polling places are to be published before the election along with a statement of voter requirements.

Approval or disapproval of each of the two proposals would be based on the wishes of a majority of those casting ballots.

Mathias is Honored In ICHN Publication

A news article and picture of Carl E. Mathias appears on the front page of the current edition of the Illinois Council on Employment of the Handicapped publication, proclaiming "his unselfish desire to help others."

Mathias, who serves as chairman of the Southwestern Council on the Employment of the Handicapped along with many other civic duties, is described as—"the man with the ability to get the job done."

The article explains that the council covers Madison, St. Clair and Monroe counties demands much of Mathias' free time and his work has won him

"the acclaim and respect of the entire tri-county area."

One of the most recent expressions of this acclaim was his selection by the Madison County Bar Association as 1968 recipient of the Liberty Bell award for outstanding community service.

Mathias, area manager of Illinois Power Co., has been an employee of the company for 28 years and has been at the local office since 1961. He and his wife, Betty, and daughter, Carla, make their home at 34 Oaklawn drive.

A native of Pana, Ill., he attended Eastern Illinois University and North Texas State Teachers' College. A veteran of world war II he served with the 103rd Infantry, Seventh

Army. His record of public service

includes presidency of Cahokia Mound Council, Boy Scouts of America; past president of the Tri-Cities Chamber of Commerce; head of a citizen's committee that aided in planning a half-million dollar ice rink for Granite City; first vice-president of the Granite City Rotary Club; and former chairman of a committee which developed a long range scouting development program.

"Mathias," the article continues, "now faces another challenge, uniting local organizations and citizens into an effective force for the cause of the handicapped in his area."

Variety of Events for Homecoming at SIU-SW

Classic fall college pageantry, featuring a beautiful queen, a parade, a sporting event, a dance and good entertainment, is planned Oct. 25, 26 and 27 during Homecoming '68 at Southern Illinois University-Southwestern campus.

SIU-SW students will elect the

NEXTEP to Send Two To National Conference

Southern Illinois University-Southwestern's New Exploratory Teacher Education Program (NEXTEP) has been invited to send representatives to a national conference.

Sponsored by a committee of the National Education Association, the conference for innovative programs in student teacher training will be held next week in Baltimore.

Attending from SIU-SW will be Frederick H. McCarty, assistant director of NEXTEP, and Arthur G. Draper, Draper is co-chairman of the English department at Normandy, Mo., high school. Last year he was a fellow in the NEXTEP program operated by SIU-SW.

1968 Homecoming Queen Oct. 25. A bonfire and pep rally are scheduled for that evening.

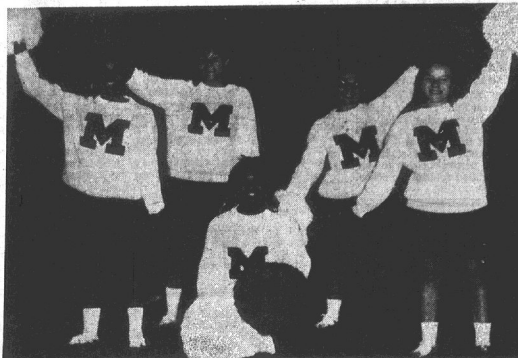

On Saturday, the Homecoming '68 parade will be held in downtown Edwardsville beginning at 10 a.m. A soccer game pitting the SIU Cougars vs. Greenville College is scheduled to begin at 1:30 p.m. at the new soccer field on the campus.

The Homecoming dance will begin at 8:30 p.m. in the newly completed Meridian Room of the University Center.

Also on Saturday, right after the game, an informal reception for alumni and friends will be held in the Plaza Room of the University Center. Chancellor and Mrs. John S. Riedemann will be the guests of honor.

John Davidson will be featured in the Homecoming stage show at 8 p.m. on Sunday in the Meridian Room. Davidson was the host and star of NBC's "Kraft Summer Music Hall" in 1966. He has also co-starred in "The Happiest Millionaire" and "The One and Only Original Family Band."

Davidson will also star in the Hallmark Hall of Fame production of "The Fantasticks" on television this fall.

1968 CHEERLEADERS at Madison high school are, left to right — Patty Emerson, Terry Doza, Piper Dandridge (kneeling), Janet Severine and Pat Snider.

Beneath Society Sets 2nd Charity Dance for Sunday

The Beneath Society will hold its second charity benefit dance for young victims of leukemia, from 6 to 10 p.m. Sunday at its quarters at 2301 Washington avenue.

Admission is \$1, and proceeds will be contributed to "Alsac" B. K. Stearns, one of the organizers of the young group, reported that \$430 was divided to two charities, with funds pre-

sented to Mrs. Lorraine Parkinson, representing Catholic Charities, and Henry Ameling, representing Protestant Welfare.

Miss Pam Stearns made the presentation last weekend at the Beneath Society club. The amount represented proceeds of dances on Oct. 5 and 6.

Bands to play this Sunday will be the Black Zone, Mesburg Shotgun and Peppermint Pigg.

Social Class Effects IQ's, Survey Shows

A survey by two Southern Illinois University-Southwestern campus professors disputes a belief in education circles that family size determines the IQ of students.

John McCall, of the psychology faculty, and O. J. Johnson, chairman of the special education family, studied scores from intelligence tests of 1500 youngsters, along with family size and occupation of the father.

"Our research," according to Johnson, "indicates that family size does not mean lower IQ's. We've found the definite correlation is between IQ and social class, not the size of families." Students were tested in nearby communities.

The Southern Illinois University soccer team has students from 22 different countries among its members.

Part-time SIU-SW Students Express Views in Survey

Part-time undergraduate students at Southern Illinois University - Southwestern campus rank the faculty and the library facilities as first and second in a listing of "outstanding characteristics" of the University.

The rankings were determined by a survey taken recently under the direction of SIU-SW Registrar Robert M. Braker and Prof. Lawrence E. Taliana, of the psychology faculty.

Last year's figures show nearly 2000 part-time undergraduate students enrolled. From a sampling of that total number, 408 responses were received.

The mean age for the part-time student was 29.28. Seventy-five percent of those surveyed are seeking the bachelor's degree. Twelve per cent are seeking the two-year associate's degree.

Geographically speaking, Madison county was the home for the majority of the students.

Coming in second, was St. Clair county. The city and county of St. Louis was the third highest area from which students were

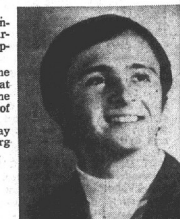

drawn. Other part-time students came from as far away as Clay, Randolph and Montgomery counties, all in Illinois.

According to the sampling, the vast majority of part-time students also hold down full-time jobs. Three hundred and forty-one of the 408 students who returned the questionnaire reported being employed by 161 different employers, and 34.9% of the working students are receiving some portion of their educational expense from the employer.

Night classes were by far the most popular scheduling by the part-time student. Most did not share a ride to the campus, and the highest number of complaints about the University centered on the distance from the parking lots to the academic area of the campus.

Many, 67%, in fact, indicated they would attend full time if they had the opportunity.

There was no significant difference, in enrollment by quarters, with part-time student attendance spaced fairly evenly throughout the year.

Circuit Supervisor To Give Public Talk

Circuit Supervisor T. M. Green is visiting the local congregation of Jehovah's Witnesses this week and at 9:30 a.m. Sunday will give a public talk, "Pleasing God by Prayerful Obedience." A congregation Bible study using the Watchtower magazine and final remarks by Green will close the week's activity.

All meetings are being held at Kingdom Hall, 2822 Palmer avenue, and the public is invited. Angelo Scaglione, presiding minister, said. No collections are taken. The one-week visit is part of an advanced training program for members

and also is intended to encourage more Bible discussion by people of all faiths.

A ministry training school was conducted Tuesday night, and from yesterday through Sunday there will be daily field missionary service, with Green joining ministers from the congregation in calling on local residents.

An 8 p.m. Saturday program will begin with a Bible question period, "New Things Learned," including audience participation. Green will then speak on improvement of personal ministry.

Rev. Sims to be Honored For 25 Years in Ministry

The Rev. R. Paul Sims, senior minister of Niedringhaus United Methodist Church, will be honored in special services next Sunday evening at 7:30 honoring completion of 25 years of service as a Methodist minister.

Guest speaker for the special service will be the Rev. Dr. Earl C. Phillips, retired Methodist clergyman of Flora, Ill., one who was instrumental in guiding Rev. Sims during the early years of his ministry. Rev. Billy G. Hahn, former local area minister and now minister of First United Methodist Church of Collinsville, will lead the service.

A reception for Rev. Sims and his family will be held in Wesley Hall following the worship service. There will be a display of pictures depicting the highlights of the past 25 years. The congregation of Niedringhaus Church is extending an invitation to the public to share in this special service and reception.

Rev. Sims' ministry has been characterized by several unusual facets. He entered the ministry at such an early age that newspaper wire services picked up the story as news-

worthy. In October 1943, the Chicago Daily News reported—Paul Sims, 17, Marion high school senior, is assisting in the wartime shortage of ministers by serving as a pastor of three rural churches near Harrisburg, Ill. Youngest minister in the Harrisburg District of The Methodist Church, he preaches at Dillingham Church, Liberty Church and Somers Chapel.

"Young Sims was named to his three-church circuit by District Superintendent Dr. Paul B. Brown of Harrisburg, former pastor of Sims' home church at Marion, which recommended the high school student for the ministry. . . Unlike the circuit riders of pioneer days, who spent their weekdays working their farms or traveling to the next church, young Rev. Sims, now a licensed minister, spends his weekdays in the high school room preparing for graduation next spring. . ."

The following fall he was assigned to a two-church circuit, Mt. Moriah and Lone Oak Churches, and entered SIU at Carbondale.

In 1945 he was elected president of the Southern Illinois Conference Methodist Youth Fellowship, heading the work of 13,000 youth in southern Illinois. Out of this position of leadership, he was selected as one of 13 youths from throughout the United States to represent The Methodist Church at the World Conference of Christian Youth held in Oslo, Norway, in July 1947.

This conference was attended by youth from all denominations from around the world. Following the conference, he was a member of a Youth Caravan which worked for four weeks in Poland under the auspices of The Methodist Church.

Rev. Sims transferred to McKendree College in 1948 and was graduated in 1948 with the Bachelor of Arts degree. During this period he was assistant pastor of Grace Methodist Church in Salem, Ill.

As a result of an appeal by Gen. Douglas MacArthur, The Methodist Church initiated a program of short-term missionary work in Japan in 1948. Rev. Sims was one of 50 college graduates to become missionaries to Japan on a three-year assignment. He was a teacher in the mission school located in Hiro-shiki, Japan.

Upon his return to the United

REV. R. PAUL SIMS
To be Honored

States in 1951, he married Jeanne Seale of Arlington, Va., on Nov. 3, 1951. Mrs. Sims, a graduate of Queen's College in Charlotte, N.C., had been teaching school in Louisville, Va.

Rev. Sims entered the Candler School of Theology at Emory University in Atlanta, Ga., to complete his professional studies. While a student there, he served as assistant pastor in the Partillo Memorial Methodist Church in Decatur, Ga. Mrs. Sims taught in the Lakewood Elementary School in Atlanta. Rev. Sims graduated from Emory University with a Bachelor of Divinity degree in June 1954.

Since that time, he has served pastorates at Christ Methodist Church, Belleville; First Methodist Church, Chester, and First Methodist Church in DuQuoin before coming to Niedringhaus Memorial Church in Granite City in 1963.

In addition to his pastoral responsibilities at Niedringhaus Memorial Church, Rev. Sims serves on several boards and agencies of the United Methodist Church, including the board of directors of The Methodist Children's Home in Mt. Vernon, the board of directors of the Wesley Foundation at the Edwardsville campus of SIU, the board of ministry of the Southern Illinois Conference, the Illinois Area Commission on Public Relations and Methodist Information, the board of trustees of McKendree College at Lebanon where he is chairman of the Committee on Student Affairs. Just recently he has been appointed to the Commission on Evangelism of the Illinois Council of Churches.

Locally, Rev. Sims is a member of the Granite City Rotary Club, the Boy Scout Council, and the Quad-City Ministerial Association.

Rev. and Mrs. Sims and their daughters, Carol and Cathy, reside at 3204 Harvard place in Granite City. Their two daughters are both students in Coolidge junior high school.

Jaycees' Safety Check

Exhaust System Defects Found in 42% of Autos

Defective exhaust systems and unsafe tires were the major defects found by Granite City Jaycees through the "Driver-Auto Safety Check," conducted at Nameoki Village shopping center.

Robert Bischoff, project chairman, announced the results of the two-day inspection, and reported that of more than 70 automobiles going through the check-out line, 69% had malfunctions of different equipment or systems.

Of the total, 42% had defective exhaust systems, 30% were equipped with bad tires and 28% had lighting failures.

The safety check also revealed that more than half of the participating motorists did not use seat belts, and 10% of the vehicles had no seat belts.

Bischoff said results of the survey will be submitted to the Auto Industries Highway Safety committee for special reports.

"From the reports," Bischoff said, "the auto industry gains knowledge of safety equipment needed and can develop a new techniques and safety accessories in the future."

Mrs. Caban On Panel At U. of I. Conference

County chairman of the University of Illinois Mothers Association will hold a fall conference Friday and Saturday in Allerton House, the university's conference center, in Robert Allerton Park near Monticello.

Mrs. Paul Caban of Granite City, a director of the group, will help present a workshop Saturday morning. Charles Flynn, director of public information and assistant to President Henry, will speak on the topic, "Soldiers in the Field," at the Friday dinner session.

Flynn also will moderate a panel composed of Prof. Orville Bentley, dean of the College of Agriculture; Stanley R. Levy, associate dean of students; Joseph Smith, staff associate, chancellor's office; and Miss Rebecca Welch, assistant dean for freshmen women. The panel will discuss questions from the mothers relative to the university campus and their students. Conference theme will be "The Second 100 Years."

Dust Monitoring In GC Planned By Air Board

Delivery of special dust monitoring equipment has been delayed, but members of the Granite City Air Pollution Control board decided Monday night to seek council approval for hiring a part-time worker to gather data from the machines.

The equipment, costing about \$1800, is to be placed at five locations in the city to measure dust and other particulate matter in the air to aid the board in pinpointing sources.

The part-time worker could be a high school senior, or the job could be assigned to the city inspection department, the commissioners noted. About eight to 10 hours a week would be needed to perform the work.

Prof. Erwin Hoelscher, technical secretary, said data from the state-operated monitoring machine at the main station is insufficient for the board's study of local air conditions.

Open Burning
The commissioners, meeting at the city hall, asked Prof. Hoelscher to begin gathering data on open trash burning on private property, including homes. The board plans to submit any recommendations to the city council within a few months for inclusion in the Clean Air Control ordinance.

Commercial and industrial firms are to be notified that permits are required for installation of incinerators or any devices providing air pollution controls.

Prof. Hoelscher advised the board he is preparing to renew the city's application for a grant. He said new forms have not yet been received and the amount to be specified in the grant has not yet been determined.

The technical secretary also submitted a review of Granite City Steel Co. plans for control systems for its blast furnace vents and sintering plant. The programs are under review by the board.

Wounded Paratrooper Listed in Yule Call

A Granite City paratrooper, wounded in action Sept. 27 while fighting near An Khe, Vietnam, with the 101st Airborne Division and now hospitalized in Japan, and three local servicemen and their wives who are stationed in Germany, are among the Quad-City military personnel appearing in today's "Yule Mail Call."

Pfc John D. Ortolan, 19, son of Mrs. and Mrs. Russell E. Ames, 3298 Carlson avenue, is recovering at Camp Zama Military Hospital in Japan, from wounds to the hip, pelvis and back which he sustained Sept. 27, when struck by shrapnel fragments from an artillery round directed at a nearby hostile force.

The soldier arrived in Vietnam in late August and was serving with the 173rd Airborne Brigade in the Central Vietnamese Highlands around An Khe when wounded. He was graduated in 1967 from Granite City high school and enlisted in the Army on Jan. 16. He is expected to remain hospitalized in Japan for about three months.

Mrs. Mary Lee Earney listed here Friday for Darmstadt, Germany, where she joined her husband, Specialist Four Timothy E. Earney, who is based with the U. S. Army Engineers in the Darmstadt area. The couple will reside in Germany for the next 18 months.

SP4 Earney is a son of Mr. and Mrs. H. A. Wischart, 2874 Ralph street, who have a second son in the Armed Forces—Machinist Mate Kelley Earney, serving aboard the U. S. Coast Guard cutter Ponchartraine, at Long Beach, Calif. Also temporary residents of Germany are S/Sgt. and Mrs. George Alfaro, who are living near Darmstadt, where the serviceman is a member of a Signal Service Battalion.

Mrs. Alfaro, the former Miss Betty Wischart, daughter of Mr. and Mrs. H. A. Wischart, 2232 Ohio street, and the couple's three children, Melissa, six years, Robert, five, and Michael, 13 months, arrived in Germany in March. The family is expected to remain there two years.

The third couple appearing in today's "Yule Mail Call" also is residing in Germany. They are Specialist Four and Mrs. Larry Canada of Granite City. The soldier is assigned to the 26th Tactical Reconnaissance Wing. His wife, the former Miss Jennifer Howell, is a daughter of Mrs. Hilton Howell of Rural Route Four, Edwardsville.

Local relatives, friends, church groups and service organizations are invited to submit the names and addresses of Quad-City servicemen and women stationed at home or overseas for inclusion in the pre-Christmas project.

Readers are reminded to clip and save "Yule Mail Call" lists as they are published, adding the names of the servicemen to their own Christmas mailing lists. Names and addresses will be printed in the newspaper as they become available.

Those submitting the servicemen's name, rank, serial number and full address, are asked to identify themselves on a postal card, letter or slip of paper which may be mailed or brought to the Press-Record office, 1815 Delmar avenue.

The APO and FPO numbers must be included when applicable. When the area of overseas service is noted, the information will appear in parentheses after the mailing address.

Early publication of names and addresses is necessary to guarantee delivery of cards and packages to all members of the Armed Forces, at home or abroad, prior to the Christmas holidays.

Machine Grades Tests For SIU-SW Faculty

Southern Illinois University-Southwestern campus faculty members can get assistance in grading papers . . . via a machine.

The test scoring machine scored 17,157 examinations last year.

Operated by the Counseling and Testing Center staff, the machine does have limitations. It isn't designed to monitor essay or any subjective tests. Strictly speaking it's for objective tests, including true-false and multiple choice questions.

Ruth Murray, psychologist, points out that the center usually offers 24 hour service to faculty members in grading. There are some time limitations, however, when the machine is in heavy demand or the class which took the test is quite large. The six-year-old machine has to be hand fed each answer sheet with the number of right answers indicated on a gauge at the front of the machine.

On order now is a new and better machine, which will equip Counseling Testing to handle an increased variety of examinations and operate at a faster speed.

Her classmates whom she met during a week-long orientation program before classes began last week, have come from as far away as Hong Kong, Ethiopia, Saudi Arabia, Peru, Honduras and 12 other states. She is a graduate of St. Teresa Academy in East St. Louis and plans to major in psychology.

Foreign Service Data Available at SIU-SW

Individuals interested in United States Foreign Service careers can secure forms and information from the Southern Illinois University-Southwestern campus Placement Service. Placement Service is located on the top floor of Lovejoy Memorial Library. Assistant director David R. Van Horn said that examinations for positions with either the Department of State or the United States Information

Agency have been tentatively scheduled for Dec. 6.

An examination for appointment to the SUIA only will be held on May 3 for applicants with special interest in careers in overseas information and cultural fields. An application for this examination will be available by the end of the year through the University Placement Service.

Applications for any written examination must be submitted at least six weeks prior to the date of the examination.

Kinetic Art Films

To be Shown at Campus

The first in a series of kinetic art films will be shown at 3:30 and 8:15 p.m. Friday in the Communications building theater at Southern Illinois University-Southwestern campus.

The first package of 10 films is from the United States, Italy, Germany, France and Yugoslavia and includes "La Vita" and "Happiness."

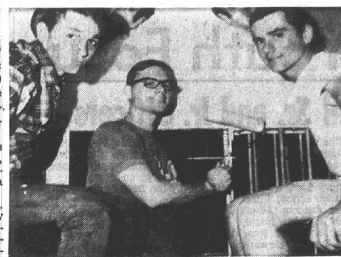

A diverse group of animated, experimental, pop, documentary and dramatic films, the three-package series provides a panoramic presentation of the latest achievements in creative cinema. The collection of 26 short films serves as a gallery show for 16 leading film makers.

Representing the newest outstanding creative works, the films were gathered from a dozen recent festivals, including Mannheim, Oberhausen, Cannes and Venice. All the films have been imported for their first distribution in the U. S. and Canada.

Combat Infantryman Badge for Greathouse

The Combat Infantryman Badge, mark of distinction for the fighting soldier, has been awarded to Specialist Four Terry R. Greathouse, 20, in Vietnam.

Spec. Greathouse, son of Mr. and Mrs. David C. Greathouse, 1922 Benton street, is assigned to the 4th Infantry Division as a squad leader. CIBs have been awarded since late in world war II for sustained contact against an enemy in ground action. The badge is a blue rectangle with a silver rifle mounted on it and a curved wreath at the top.

DeMolays Paint Jail As Civic Project

As a civic project and to conclude the term of Charles "Chuck" Hileman as master counselor of Demolays, several members joined together to paint the jail in the city hall of Granite City, under the supervision of the city painter, Tom Reynolds, and the Painters Union.

The project began with washing the walls with a paint thinner to remove the markings, so the aluminum paint would cover. The city is furnishing the paint and equipment for the project.

Those who donated their time and energy were Chuck Hileman, retiring master counselor, Randy Fowler, senior counselor; Steve Hileman, chaplain, Bruce Hawkins, Joseph Vaughn, Jim

DeMolay's Install Sr. and Jr. Officers

L. Keith Darnier was installed as master counselor of the Granite City Chapter Order of DeMolays in a public ceremony Tuesday evening at the Masonic Temple. Junior officers also were installed.

Other senior officers installed were Randy Fowler, senior counselor; Dwayne Pritchett, junior counselor; Stephen Hileman, chaplain; John Tolbert, treasurer; Joseph Vaughn, scribe; Tim Noud, senior deacon; William Watson, junior deacon; L. Kirk Darnier, senior steward; Steven Ebrecht, junior steward; Roger Miller, sentinel; Robert Epping, standard bearer; David Watkins, almoner; Bruce Hawkins, marshal; Keith Mercer, orator; Michael Few, Paul Boyer, Michael Norton, Wally Todd, Bruce Van Metre, Chester Dean and Bruce Baumbarger, preceptors; Ronald Ebrecht, organist.

Max Merz III, was installed as master counselor in the junior line of officers together with

William Kee, senior counselor; Stephen Hileman, junior counselor; Richard Bargel, chaplain; Gregory Lux, treasurer; Timothy Lux, scribe; Charles Libby, senior deacon; Albert Fowler, junior deacon; Harley Barton, senior steward; Ronald Boulton, junior steward; Ricky Woodward, sentinel; Charles Wilkins, standard bearer; Curtis Bosworth, almoner; Carl Harrison, marshal; Robert Gilbert, orator; Carl Earis, William Hahn, Charles Collet, James "Robbie" Parnley, Thomas Keel, Ernest Edwards, Lance Hamilton, preceptors.

Installing Chevaliers
The Granite City Chapter of Chevaliers conducted the installation ceremony with George Slattery as installing officer; Gilbert Watson as installing officer; Roy L. Wilimzig Jr., installing junior counselor; Dr. Amos Rode, installing senior deacon; Raymond Henley, installing marshal; and Everett Steele, installing chaplain.

Rev. Paul Sims, minister of the Niedringhaus Memorial Methodist Church gave the invocation.

Bethel 43, International Order of Job's Daughters led by Cindy Todoroff, honored queen, assisted in the installation, and the Bethel Choir sang several songs during the ceremonies. The choir was accompanied at the piano by Miss Beth Ann Ledbetter. Ronald Ebrecht, Chapter organist, played for the installation marching.

Randy Fowler escorted Miss Linda Fischer, DeMolay's reigning Chapter sweetheart, to the East where she was introduced. Roses for Mother

Mrs. Mary Darnier was escorted to the altar by her son, Kirk, and was presented with a bouquet of roses by another son, Keith. Another son, Kendall, also a member of the DeMolay, her daughter, Karen and husband, Leslie Newell, also attended.

Mrs. Hilda Few, president of the Mother's Club, introduced her officers and members and were given a standing ovation by the DeMolay's. Charles "Chuck" Hileman was presented his master counselor's jewel by Chapter Advisor Charles Meyer. Hileman in turn presented the new master counselor Keith Darnier with his master counselor's pin. Keith's brother, Kirk, in an unscheduled presentation presented his brother with a skull cap which he is to wear at all DeMolay functions.

"Hats Off" Award
Mrs. Few was given a DeMolay "hats off" award by Advisor George Slattery for her efforts in behalf of the DeMolay Chapter. Charles Hileman and Dwayne Pritchett were presented with their "Representative DeMolay" awards by Dr. Amos Rode.

The Representative Award is a ribbon, pin and citation and is the highest achievement distinction a DeMolay can earn. Charles Hileman also received a Blue Honor Key by Gilbert Watson, holder of a Blue Honor Key with 2 stars.

Advisor Everett Steele presented trophies to the winners of the District DeMolay tennis tournament held by the local chapter in August. Those honored were Mike Welser, James Parnley and Robin Teague.

Advisor Roy Wilimzig Jr. presented the chapter with its quota busting ribbon from the Grand Master of the International Supreme Council. Granite City had 50 candidates for two special classes and since Oct. 1 has initiated a class of 17. This Chapter leads the Southern Illinois DeMolay Association in candidates initiated this year.

Refreshments were served following the ceremonies in the downstairs dining room by the Mothers' Club and dancing was to the music of "The Wise Decijun."

Funds Hampering Development of Recreation Facilities in State

(Illinois Committee for Pure Air and Water)

"All work and no place to play makes a dull life," is becoming a reality for Illinois residents. Illinois already ranks 46th in recreation areas based on population, and the need is growing greater to provide enough facilities to satisfy the demands made by the residents. Shorter work weeks, more leisure time and more money have made boating, camping, swimming, fishing and other outdoor pastimes of great importance to entire families. A Department of Conservation spokesman reports that the demand for family camping facilities has increased 140% in the last six years. One of the factors involved in the lack of public recreation areas is that Illinois has been geared toward agricultural and industrial development. In the past, little attention was paid to creating sites and space for play-time endeavors. The first state park—Fort Massac at Metropolis—was acquired by the state in 1903. The first property acquired for preservation was Fort Kaskaskia in 1891. Since then, some 100,000 acres have been added to the "recreational land" acquired through the Department of Conservation. In the beginning, however, state parks were considered recreation facilities. They were either purchased as historic sites or as scenic attractions. While the state now has 50 state parks, 25 conservation areas and 25 state memorials, the space is still inadequate to meet needs. One major drawback through the years of purchasing new sites or expanding present ones has been the rising cost of acreage. When Starved Rock State Park was acquired in 1911, the 1000 acres cost \$150,000—or \$150 per acre. Today, an acre of land may cost as much as \$2500. Conservation officials are focusing their sights on developing new areas for land and water recreation activities and expansion of the present facilities. If additional land is to be acquired it must be done in the near future because space is running out.

Cropland Decreasing
An inventory taken in Illinois in recent years indicates that the acreage of cropland is decreasing about 200,000 acres by 1976; pasture will decrease about 400,000; and the acreage of woodland will decrease about 200,000 acres. The biggest net change in land use is expected to be in land converted to urban and other non-agricultural uses. This trend is expected to speed up as more and more people require space to live and work. The present conservation and recreation areas are in bad need of expansion—both in space and in facilities offered. Only five of the state parks are supplied with such accommodations as lodges. Forty of the parks have camp grounds, but in most of them there is a great need to provide more conveniences, such as water and electricity. While various plans for improving the recreation facilities have been developed over the past few years, including bond funds has kept the planning from becoming reality. Now, the conservation authorities look hopefully toward the financial aid through the proposed Natural Resources Development Bond Act.

It is also anticipated that \$20 million per year in additional sales tax would be added to the state coffers if recreational facilities were adequate. Accomplishments possible with the aid of bond issue funds would include purchase of 25,000 acres of land for lake development. The lake development program would provide for the building of from 25 to 50 man-made lakes, each with an area of 1000 acres or less in order that they might be properly managed not only for recreation but for fish and wildlife protection and production. Sites for these lakes would be given priority as to their proximity to metropolitan areas and their accessibility to major portions of the population. The State Water Survey has selected over 900 possible lake sites throughout the entire state, all of which appear to be feasible. Already determined to be completely ready for development would be lakes in the counties of Adams, Adams, Kendall, Knox, Logan, Lee, DeKalb, Tazewell, Jasper, Vermilion, Douglas and Jackson. Another plan which could be carried out if funds were made available would be the acquisition of 500 miles of stream and river. This area would provide additional recreational facilities for fishing, boating, picnicking and camping. Examples of rivers on which such access would be secured are the Apple, Mackinaw, Spoon, Lower Embarras, LaMoine, Upper Sangamon, Vermilion, Pecatonica, Kankakee, Little Wabash, Green and the Mississippi. Bond issue passage would also open the door for provision of 30,000 acres of wildlife land. Located mainly along the Illinois and Mississippi rivers, these areas would be used for both waterfowl refuges and public hunting areas. To better serve the residents, 25,000 moorings and 3000 acres areas should also be developed in the way of boating facilities. Also much needed is development of at least 200,000 acres for picnic sites; 100,000 acres for camping; 400 miles in park roads; and 3000 miles of horse, cycle and foot trails.

Officials point out that if funds were available to provide the additional facilities needed, it is expected that the half billion dollars a year in additional income would be flowing into Illinois. This would come in a variety of ways, including the sale of state lands, and through commercial operations, such as sporting goods stores, clothing stores and manly look hospitals. It is also anticipated that \$20 million per year in additional sales tax would be added to the state coffers if recreational facilities were adequate.

made, but it is still a fact that most rivers and streams in the state are unsafe for swimming or water skiing, and that Illinois flood damage averages \$30 million a year.

Navigation, economic growth and tourism are among the reasons why natural resources development should be of great benefit. Illinois leads all other states in the total value of exports, and ranks third in manufacturing; water transportation is a key element in the shipping of these goods. More than half the residents of this state vacation outside of Illinois and spend half a billion dollars a year; if recreation facilities can be improved, many of these and other Americans can be attracted—a big economic boon.

Recreation inadequacies are obvious. Illinois has 5.6% of the U.S. population but only 0.5% of the recreation land in the nation. We have the smallest amount of public recreation land per capita of any state. About 94% of the land and 85% of the water area of Illinois are privately owned; the public has no legal right to use.

The original Natural Resources Development Bond Act outlined last year has been greatly improved by the General Assembly, and through the public, the state authority for selection, scope and priority of the improvement projects.

For Horseshoe Lake, for recreation, for pollution control and for greater conservation, the Press-Record urges approval of the state bond issue Nov. 5.

Other Areas With Downtown Traffic, Parking Problems Actively Trying to Find Remedies

Current discussions in Belleville on downtown congestion emphasize a belief much in the thoughts of Granite Cityans—more off-street parking must be provided in order to clear streets for traffic and make shopping more convenient and enjoyable.

Experiments there also have included lengthened hours for financial institutions and revisions in traffic flow.

A central point in the issue of helping the downtown area is the desire to reverse its downward trend. It is not only a case of whether a particular store or block is easy to reach, but whether it seems easy to a prospective shopper.

Visibility is a big factor—a building that is in sight seems closer than one which is blocked from view by other structures—and another key element is the ability to leave one's auto once a destination has been reached. "So near and yet so far" is the store one has arrived at when there is no place to park.

A downtown area here does need additional off-street parking. And different routing of existing traffic undoubtedly could aid in achieving a more favorable mental image when a family is deciding whether to drive downtown or elsewhere.

Depending to a great degree on the facilities and controls established by the governing body, a given number of vehicles can be handled in business district, and then depart expeditiously or after frustrating delay.

What is important is for city and business leaders to be responsive to changing needs and to work cooperatively and effectively to expand parking space and the ability of streets to handle traffic. Discussions under way in Belleville and other cities indicate that steps may be taken to solve these problems.

Granite City, similar progress is not very visible.

Communication of this has been given preference. All are subject to condensation and grammatical changes. These libelous or not in good taste will be rejected or edited.

Now, anything goes during an election, promise them the world, and the way you want to win. I think Wallace is a fine man and he is going to tell the politicians, "the third party is strong," and that they are wrong if they think they can tell the voters a bunch of lies and then go and do as only a few voters want.

The voters who will vote for the third party are tired of promises. They want action, not promises.

We are not puppets. When the politicians pull the strings, we don't jump.

The third party will be American voters, and they will vote for the third party because they are tired of the will of the voters.

This will be one way to show we are not puppets. I won't lose my vote, because I am going to vote for the man I want. He may lose, but I won't lose my vote because I voted my choice.

This is one of our constitutional rights that we don't have to give up yet.

TIED OF PROMISES

FEARS EXCESSIVE USE OF POWER BY WALLACE

To the Editor:

George Wallace's statements on "law and order" sound very close to the establishment of a police state, especially when you examine his past record.

He seems to be a bit too free with his promises to place thousands of troops with bayonets on the streets to maintain order. Will this be done because Congress doesn't agree with him? Will this be done because the Supreme Court doesn't agree with him? Will this be done to break strikes by the far as labor and people are concerned. His record stands out like a sore thumb.

He has no constructive answers about anything that is good for poor people. He only speaks out when big business

and his Republican "fat cats" tell him. The design is to protect the rich and down the poor.

When Medicare was introduced, he attended hearings and testified against Medicare. When he broke his hip, he was taken to the hospital, a free government hospital. If Medicare is good for him, he should tell us without

any double-talk why it isn't good for our senior citizens.

It is time for me to do and say something that makes common sense.

He is the worst senator ever as far as labor and poor people are concerned. His record proves it.

Proposal on Ballot Nov. 5 for Bond Issue to Conserve Natural Resources, Overcome Pollution

(Illinois Committee on Pure Air and Water)

The Natural Resources Development Bond referendum, going before Illinois voters Nov. 5, offers the first comprehensive attempt to provide adequate water and land resources and overcome water and air pollution.

The \$1 billion proposal will meet the needs of Illinois from now to 1980, and set the basic framework for an ongoing program to cover the next 50 years, explains Gene Graves, chairman of the Natural Resources Development Board and director of the Illinois Department of Business and Economic Development.

Various water and air problems are faced by residents throughout the entire state. Effect of Population Growth in some areas, the increasing population and industrialization are placing terrific burdens on drainage vegetation miles and areas suffer from chronic flood damage or lack of sufficient outdoor recreation facilities.

Still other communities are unable to finance costly sewage treatment plants, and continue dump untreated sewage into Illinois streams. In some areas, polluted air is an increasing problem.

While the problems vary from community to community, they, in fact, indirectly affect nearly everyone who lives in Illinois, since air and water pollution know no boundaries. Graves has summarized the severe damage dumped by one town downstream municipality's drinking water.

Pollution which enters the air in one part of the state may

'Someone Cares' is Slogan for United Fund Agency

"Someone Cares — The Community Cares." This is the most important theme expressed by the work of Co-ordinated Youth Services, an agency of the Tri-Cities Area United Fund.

Two other agencies which provide invaluable services to children through contributions made to the annual United Fund appeal are Boys Town of Illinois and the Illinois Children's Home and Aid Society.

The "Someone Cares" theme of Co-ordinated Youth Services along with the professional skills of the agency's staff offers much needed help for youths finding difficulty in coping with adjustment problems in a highly industrialized community.

Close Cooperation
Coordinated Youth personnel cooperate closely with all organizations and utilizes fully any resources available to this area.

Det. Joseph J. Nemeth of the Granite City police department serves as president of the CYS Advisory Board, with C. A. MacMillan as the agency's executive director. Offices are located at 1255 Niedringhaus avenue.

Within the first six months of 1968, a total of 718 cases were aided with a variety of problems, almost equalling the number of all cases in 1967. For the most part, the cases involved delinquency, job counseling and young people on probation. Many, however, concerned family difficulties.

Coordinated Youth Services will receive a 1969 allocation of \$25,500, an increase of \$1250 over the 1968 appropriation.

Boys Town Services

Children of broken homes or with parents unable or unwilling to provide proper care receive complete maintenance and education at Boys Town of Illinois. The Tri-Cities Area United Fund agency has been granted a \$7000 allocation from the current fund-raising campaign.

Helpful friendly supervision aids in preventing down-hill progress toward delinquency frequently found in disturbed neglected boys. Most youths are placed in the home by county courts in this area of the state, for periods from a few months to several years.

During the 12 months of 1967, Boys Town of Illinois served the Quad-City area more than

FRIENDLY ADVICE. C. A. MacMillan, Coordinated Youth Services director, discusses a minor problem with neighborhood boys. Early conferences between qualified CYS professionals and youthful offenders in many instances preclude more serious trouble.

any other community in the state of Illinois. It furnished living quarters, food, clothing, entertainment, medical and dental care, everything needed for the boys' proper development during the difficult years.

A total of 5110 "boy-days" in 1967 was provided for Quad-City youths.

Aid in Adoptions

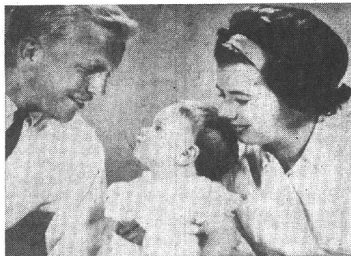

Care for youngsters unable to care for themselves, through broken homes, no homes at all, or unsuitable homes, is the objective of the Illinois Children's Home and Aid Society.

This agency of the Tri-Cities Area United Fund will receive a \$6100 allocation next year, a raise of \$100 from the current 12 months.

Services provided by the society include medical and pre-adoption care for infants, selection and investigation of adoptive homes, advice for parents seeking to adopt a child on the special problems they will meet and reports for the court which has final jurisdiction.

During 1968 the agency estimates that 49 months of care will be given to infants being placed for adoption. Last year, 28 families were served by the United Fund agency in some manner.

Venice Man's Ship Fired on in Vietnam

Chief W/O George Rehms of Venice was pilot of a command helicopter that was fired upon by Viet Cong during a sweep northwest of Saigon, according to a report received here this week.

The report said three Viet Cong were killed after they fired at the command helicopter of Lt. Col. Charles S. Snowden of Boonville, Mo., commander of the 4th Battalion, 9th Infantry.

Members of Delta Company of the Battalion, which is under operational control of the 3rd brigade, 25th Infantry division, were scouring a swamp ten miles northwest of Saigon when they heard shots nearby.

They learned by radio that Snowden's control ship had been fired upon and immediately formed a protective perimeter while W/O Rehms set the helicopter down to check for damage. Rehms reported only slight damage resulted.

As Delta Company lined up to sweep the area, artillery and gunships began firing into the swamp. The infantrymen then moved through the water and thick vegetation. They found three enemy bodies and two wounded suspects.

'Y' Cookie and Pretzel Sale to Open on Friday

Young people who are members of the YMCA and those interested in becoming members may earn a membership for one year by participating in the annual "Cookie and Pretzel Sale" which starts on Friday, it was announced by Charles Hasse, youth director.

Cookies may be picked up at the "Y" at 9 a.m. Friday, but a parent must accompany the child to sign a permission to sell slip as well as check out the cookies for the youngster.

Price of a membership is \$11 and requires sales of 50 boxes of cookies, as the salesman receives 22 cents a box as commission. The youngsters will not receive the money, but will be given credit toward a membership. Should a youngster not sell enough for a full membership, the amount he does sell will be applied to the cost of the membership with the balance to be paid. Commission on the sale of pretzels is set at 35 cents credit.

Hasse said the second annual "open house" for the YMCA Youth department was attended by 200 youngsters, 6 to 13 years of age.

Activities, all free for the day, included swimming, a movie, pool, ping pong, checkers, chess, and a basketball free throw contest.

Hasse said the winners of the free throw contest were Veronica Suess, Greg Kenney, Steven Burns, who won a six-month "Y" membership; Connie Mahl, a four-month membership; Eldon Oden and Judy Plebanek, each awarded a pair of tennis shoes (donated by

You say you'd like a few suggestions on how to get more out of your telephone service?

Here are five tips to help make your every "hello" a real good buy:

- Whenever you're moving to another town within the Bell System, let us arrange for your phone service before you move. If you know the address of your new home, we can make arrangements in advance so you'll have the exact service you want in your new home. We'll also refer calls from your old phone to your new number if you like. Just call the business office and ask about our Easy Move Plan. There's no extra charge.
- Speaking of moving, we hope you realize that whenever you move in the Bell System, there is no color charge for the phones at your new address if you had color phones at your old address.
- Ever wonder what to do when you get a wrong number on a Long Distance call? Just hang up, dial "0" for "Operator," and tell her what happened. She'll see that you're not charged for the call.
- And if you ever lose your dime in an out-of-order pay telephone, just go to a working phone and report it to the Operator. She'll arrange to have your dime mailed to you. Also, if you give her the number of the out-of-order phone, we'll get it fixed right away.
- Long Distance Interstate rates are lower all day Saturday and Sunday, and after 7 p.m. each weekday. You can also save money if you call by number. A station-to-station Long Distance call costs about one-third less than a person-to-person call. At Southwestern Bell, our goal is to help you get the very best telephone service. We want your every "hello" to be a real good buy.

STEAKS AREN'T KNOWN BY BRAND NAMES. So you try one store, then another, until you find a man who sells what suits your taste. Home rarely has brand names, either. But if you buy a mistake you can't go shopping the next day to correct it. So it's terribly important that you look for a home only through a person who displays this national brand. This seal identifies a Realtor.

FREE HOME-BUYING TIPS. Just ask any member of our local board of Realtors for pamphlets of advice. A commercial realtor in real estate who subscribes to a strict Code of Ethics, as a member of the local and state boards of Realtors, is permitted to display this seal, which is a nationally known brand.

Scroggins and Griffith To Debate Next Tuesday

Candidates for Madison
county attorney will pre-
sent a public debate at a
meeting of the Edwardsville
Lions Club at 6:30 p.m. Tues-
day at the Flaming Pit restau-
rant in Edwardsville.
They are Leon Scroggins,
Democrat, and incumbent
and W. Griffith, Republican
challenger.
Each candidate will present
a five-minute talk on his back-
ground and qualifications for
office.
Scroggins then will be asked,
"What are the present prob-
lems facing law enforcement
agencies in Madison county?"
Griffith will make a five-minute
rebuttal.
Griffith will be asked, "Is a
conviction rate a proper guide-
line to measure the effective-
ness of the state's attorney's
office?" Scroggins will make a
five-minute rebuttal.
Scroggins then will be ques-
tioned about "What programs
are you planning for the next
four years to resolve the law en-
forcement problems in Madison
county?"
Griffith will be asked, "What
programs would you initiate to
encourage public participation
and to discourage public apathy
toward law enforcement officers
in Madison county?" Scroggins
will make a five-minute rebuttal.
Each candidate will answer
question from the floor follow-
ing the debate.

'Great Day of Singing'
Sunday for Methodists
Niedringhaus United Metho-
dist Church will celebrate "A
Great Day of Methodist Sing-
ing" at 8:30 a.m. and 10:40 a.m.
services.
The hymn service, with the
congregation, will give the read-
ings, and solos will be sung by
Mrs. James Loy, Richard West
and Earl Miller Jr.
The service will demonstrate
the many ways in which the
great hymns continue to be re-
levant to the ever-changing re-
velations of Christian thinking in
the present generation. Rev. S.
Sims explained. The hymns are
offered against a background
of contemporary Christian litera-
ture.
"A Great Day of Methodist
Singing" was conceived by the
National Fellowship of Metho-
dist Musicians as a way to help
bring the Methodist Hymnal
to life in the heart of the
Church and to return once again
to the Wesleyan tradition of
making Methodism a singing
church, the pastor said.

'Dating Etiquette'
Topic of Roca Club
"Dating Etiquette" was the
topic of a panel discussion con-
ducted this week for members
of the Roca Club. The panel
who met in the home of Mr.
and Mrs. Lionel Portell, 2840
Michigan avenue.
Panelists were the Roca
Sweethearts—Misses Debbie
Portell, Cheryl Brinkmeyer,
Ruth Diak and Pam Peters—
who answered questions con-
cerning dating procedures, such
as how and when to ask for a
date and the proper manner to
use in approaching a girl.
A short business meeting was
held with plans made for mem-
bers and their friends to take
dancing lessons, provided by
the Roca Sweethearts, on Sun-
day afternoon. Also discussed
were arrangements for a Hal-
loween party, with Curt Koper
appointed as supervising chair-
man.

**Brothers Find Bible
That is 118 Years Old**
Three local brothers are at-
tempting to determine the value
of a Bible they found in an old
house near Salem, Mo. The 118-
year-old Bible was printed by
the American Bible Society in
New York City in 1850.
The Bible, well preserved,
was found in the foundation of a
home owned by the grand-
mother of the local brothers,
Leonard E. Barton Jr., Carl E.
Barton and Dennis E. Barton,
all of 2138 Washington avenue.
Leonard said they were tear-
ing down the house, reported to
be about 400 years old, when
the Bible was found. "There

Scroggins and Griffith To Debate Next Tuesday

Candidates for Madison
county attorney will pre-
sent a public debate at a
meeting of the Edwardsville
Lions Club at 6:30 p.m. Tues-
day at the Flaming Pit restau-
rant in Edwardsville.
They are Leon Scroggins,
Democrat, and incumbent
and W. Griffith, Republican
challenger.
Each candidate will present
a five-minute talk on his back-
ground and qualifications for
office.
Scroggins then will be asked,
"What are the present prob-
lems facing law enforcement
agencies in Madison county?"
Griffith will make a five-minute
rebuttal.
Griffith will be asked, "Is a
conviction rate a proper guide-
line to measure the effective-
ness of the state's attorney's
office?" Scroggins will make a
five-minute rebuttal.
Scroggins then will be ques-
tioned about "What programs
are you planning for the next
four years to resolve the law en-
forcement problems in Madison
county?"
Griffith will be asked, "What
programs would you initiate to
encourage public participation
and to discourage public apathy
toward law enforcement officers
in Madison county?" Scroggins
will make a five-minute rebuttal.
Each candidate will answer
question from the floor follow-
ing the debate.

'Great Day of Singing'
Sunday for Methodists
Niedringhaus United Metho-
dist Church will celebrate "A
Great Day of Methodist Sing-
ing" at 8:30 a.m. and 10:40 a.m.
services.
The hymn service, with the
congregation, will give the read-
ings, and solos will be sung by
Mrs. James Loy, Richard West
and Earl Miller Jr.
The service will demonstrate
the many ways in which the
great hymns continue to be re-
levant to the ever-changing re-
velations of Christian thinking in
the present generation. Rev. S.
Sims explained. The hymns are
offered against a background
of contemporary Christian litera-
ture.

GCHS Gridders Visit E. St. Louis For League Game Friday Afternoon

The Granite City high school Fighting Warriors will again be looking for their first win of the season Friday afternoon as the Warriors do battle against the Eastern St. Louis Tigers in the first game of the conference.

Game time for this contest will be 3 p.m. at Parsons Field. The time change for all Friday games results from disturbances at after dark contests.

The Warriors picked up their first conference win last week against the Edwardsville Tigers 32-0, advancing their season record to 2-2 and their conference record to 1-1. The loss was to Alton.

First Half the Toughest
The Warriors have had trouble getting their defense started in the first half of the five games they have played this season. For example, last week against Wood River, all the first half plays were in the first half; the previous week, Alton scored 33 of its 46 points in the first half.

East St. Louis, which for many years was the powerhouse of the Southwestern Conference, had its best total offense in two years against the Tigers. The Tigers gained 419 yards, including 255 yards rushing.

Coach Fred Cameron of the Warriors reports that East St. Louis uses so many boys for different plays that it is next to impossible for an enemy defense to know whether he is using power or speed on a particular play—until it is too late.

Coach Cameron said, "Actually, we have five backs on the offensive team. Prentis Cotton, 152-pound senior tailback, and Donald Sanford, 157-pound senior fullback, alternate on each play we run."

Playing quarterback for the Warriors will be Larry Hayes, 176-pound senior. Backing him will be Anthony Ward, 171-pound junior, and Marvin Crider, 150-pound senior. Starting fullback will be Roderick Fisher, a 204-pound junior.

made by Cotton on a 50-yard run, Ward on a 13-yard run, Gerald Hayes on a 53-yard pass play from Larry Hayes, Fisher on a three-yard run and Jeff Millican on a 69-yard pass play from Crider.

This seems to pose the problem: Who to key on? When opposing teams have protected themselves against one player, another breaks loose.

Exceptions were Soidan, which defeated East St. Louis 20-13, and Alton, which prevailed 38-28.

But the contests with these powerhouses, while bruising, have appeared to sharpen the Warriors to the point that they can provide formidable competition for the remaining teams on their schedule.

They have tied Christian Brothers of St. Louis 0-0 and edged East St. Louis 13-12 as well as shutting out Edwardsville.

The Warrior backfield will consist of quarterback Roger

Hunters Should Check Selves As Well as Guns, IHA Says

With hunting season under way, the Illinois Heart Association is reminding hunters to "Take care of yourself before you take care of your gun."

The slogan is a take-off from the military sergeant's advice to recruits—"Take care of your gun and it will take care of you."

A gun, the Heart Association stresses, can sit on a shelf for a year and come off it in "bang up condition." A few minutes of lubrication may be all it needs.

"Not so the hunter who is out of shape. Sudden or unusual exercise may prove dangerous. The best judge of condition for a man planning a hunting trip is his doctor."

Getting into condition for the abnormal demands of the hunt is imperative, if the hunter himself doesn't want to wind up among the by now top familiar seasonal statistics that report more hunters dying of heart attacks than of gunshot accidents.

"The thrill of the hunt need not be linked with heart attacks for either the normally healthy man or even one who has a heart condition. Both can go and enjoy the outdoors if simple precautions are taken beforehand. The first move should be to consult the family doctor," the Heart Association stresses.

"He'll gladly explain why the hunter who has had no physical checkup in years or has followed no regular routine of exercise frequently is in more peril than the animal he stalks."

"There's not much point in going hunting if one doesn't come back. And the undue exertion and excitement of hunting increases the risk for one who's out of shape or heading for a heart trouble but doesn't know it. The hunter is advised to go to his doctor weeks before he plans the trip. If he is out of shape, his conditioning must be done gradually and follow a routine."

"The recovered heart victim should tell his doctor exactly where he plans to go and under what conditions he will hunt. The doctor will specify just how fast he can go, taking into consideration the terrain, the altitude, duration of the hunt and the patient's attitude. There will be one condition—that the man with a heart condition does not hunt alone."

"Any hunter who gets winded

Young Artists' Recital To Feature Local Pianist

Miss Young Ban Cho, local pianist and student at Coolidge junior high school, and Julia Conwell, soprano, will appear Sunday in the first of the current Young Artists' Recital series sponsored by Southern Illinois University-Southwestern campus Fine Arts Division. The public is invited to the program at 3:30 p.m. in the Lovejoy Library auditorium. Miss Conwell, a senior at

Parkway high school in St. Louis County, is a student of Leslie Chabay, with whom she has studied for two years. Since last October, Young Ban Cho, 15, a native of Korea, has been studying in this country with Ruth Slenczynska, noted pianist and member of SIU-SW music faculty. She came to the attention of Miss Slenczynska while the latter was touring the Orient five

years ago and through the efforts of James Wade, former Granite Cityan, a composer and author now living in Seoul, came to this country. She makes her home with Mr. and Mrs. Donald MacDonald in Granite City. In Korea, Miss Cho was soloist with the Seoul Symphony orchestra and gave recitals and appeared on television and radio, winning many awards. She

was chosen for the SIU-SW Artists' competition at SIU-SW last spring. Since coming here she has participated in the SIU Honors Recital and this summer took part in the final "Music Under the Stars" concert at Wilson Park.
